Help Us Raise £35,000
for
the Final Science Laboratory Renovation

Sponsor an Element

Education funding is tough.

AHS is one of the lowest-funded schools in England. Our level of funding doesn't do justice to the teaching and learning provision we deliver or aim to improve across the board. We are as financially efficient as possible and we innovate to find new ways of supporting AHS students' ambitions.

We have one final science laboratory to complete. Students who are taught in S17 have significantly poorer facilities than their peers in the refurbished laboratories. At a total cost of c.£70,000 to refurbish, we are asking parents to help AHS raise half – £35,000 – to reach a matched-funding target for grant-making foundations.

What students think

" We have really benefitted from our lessons in the new labs and can't wait until S17 is transformed. "

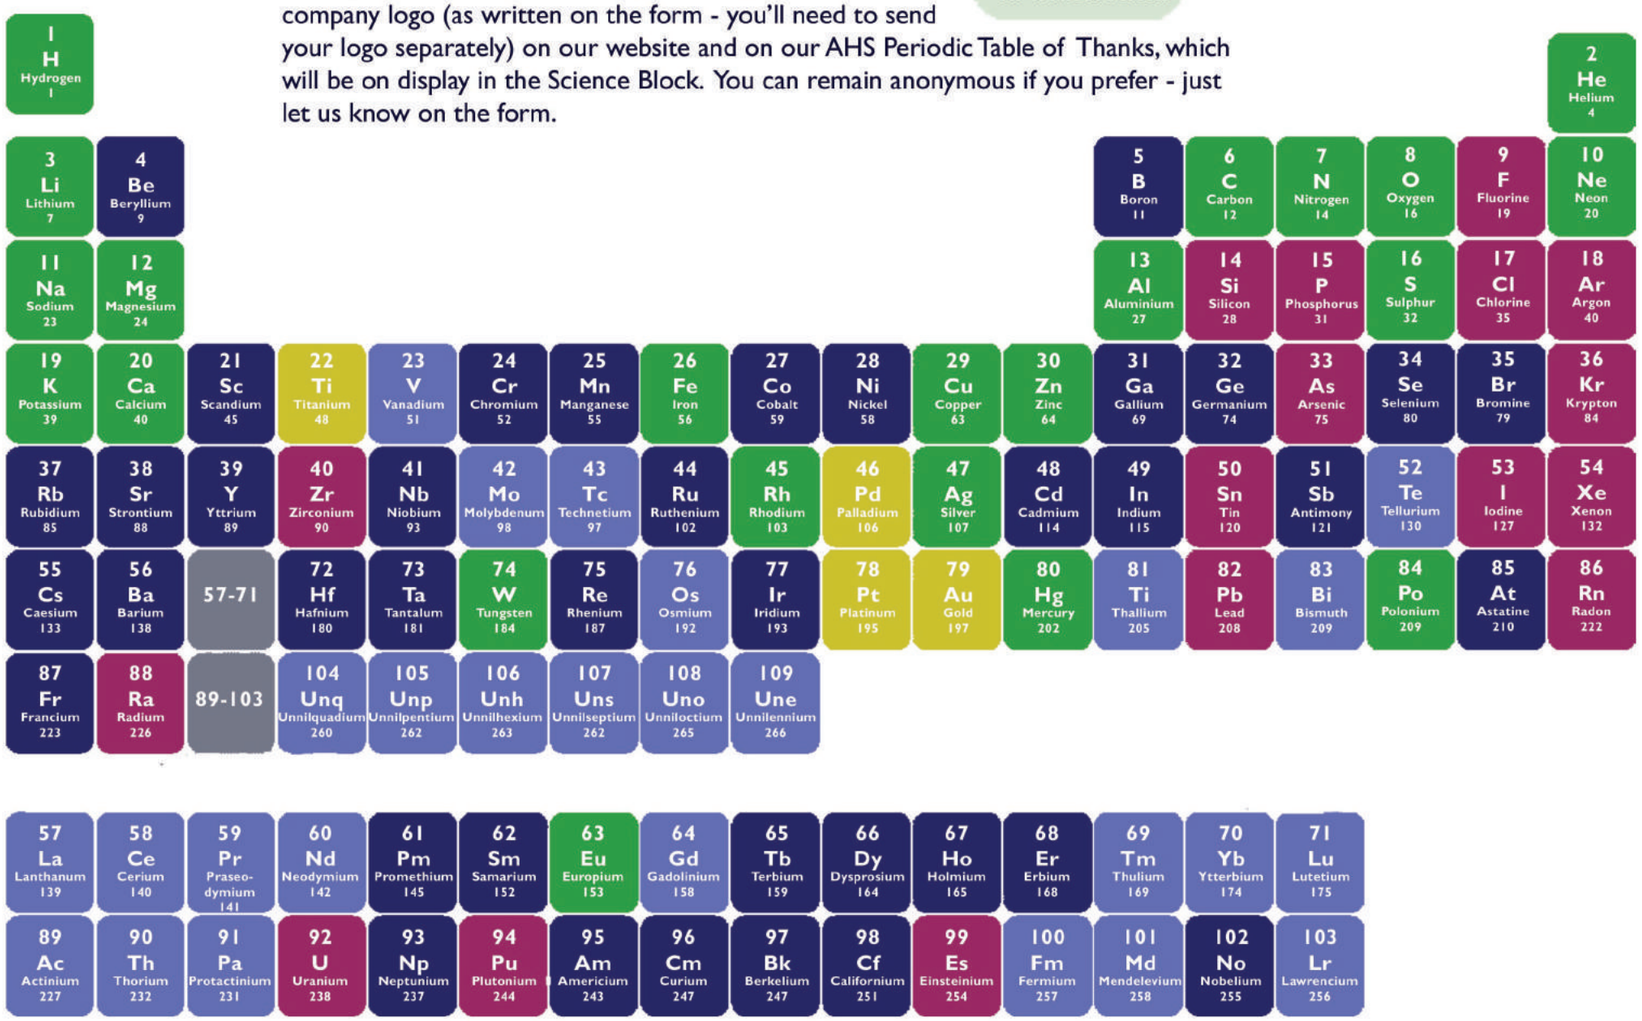
" Better facilities will encourage even more young women into STEM-related careers and help improve the world for which our generation will soon be responsible. "

How do I Sponsor an Element?

Elements in our AHS Periodic Table have been priced according to their popular value.

Complete the form on the back of this flyer and send it back to the Development Office. Elements are first-come-first-sponsored, so if you intend to sponsor a popular element, we recommend you send your form back promptly!

Your sponsored element will appear with your name and/or company logo (as written on the form - you'll need to send your logo separately) on our website and on our AHS Periodic Table of Thanks, which will be on display in the Science Block. You can remain anonymous if you prefer - just let us know on the form.



Is STEM important?

According to the Women in Science and Engineering (Wise) campaign's analysis of UK labour market statistics in 2015, women make up just 12.8% of the Science, Technology Engineering & Maths workforce.

We are preparing the workforce of tomorrow for jobs which may not even exist yet – and with an internationally growing technology sector, we believe many of these roles will require STEM subject knowledge.

Over the past 3 years, our percentage of students taking STEM-related Sixth Form subjects has been steadily rising, but only 21% of students then go on to study a STEM-based Higher Education course, of which only 0.4% are Engineering courses, for example. This is a statistic we wish to improve through a better learning environment for all the Sciences taught at AHS.

S17's completion will mark the end of a fundraising campaign to raise funds for refurbishment of all laboratories in our science block. A huge achievement!

The pricing structure for our sponsored elements is colour coordinated as follows:

£50	£100	£250	£500	£1,000

You can purchase as many elements as you like, but be aware that the popular elements will sell fast! Check our website fundraising pages to see availability (updated weekly).

All sponsored elements will be entered into a prize draw, due to be drawn in the first week of the Summer Term. One lucky sponsor will win a 2-night weekend break in a superb, iconic sea-front apartment in Bexhill-on-Sea, East Sussex, generously donated by an AHS parent.

Terms and Conditions for the prize draw can be found on our website's fundraising pages.

Please fill in and return this form to
The Development Office, Aylesbury High School, Walton Road, Aylesbury, HP21 7SX

Title(s)_____ First Name(s)_____ Surname_____

Company (if approproate)_____

Address_____

_____ Postcode_____

Email_____ Phone_____

Name and Year Group of Daughter(s), if any_____

Please write down your first choice(s) of element(s)

_____ @ £_____ _____ @ £_____

_____ @ £_____ _____ @ £_____

If my first choice(s) is/are already sponsored, I would like the following alternative(s)

_____ @ £_____ _____ @ £_____

or O I do not wish to sponsor a different element, please return my donation.

Your name/company name as you wish it to appear on the element

_____ **or O I wish to remain anonymous.**

Method of Donation

O Cheque (please make payable to AHS Fund)

O Cash

O Online Banking (please use your daughter's initial, surname and Form Group as a reference eg. REF: ASMITH7AS)
FOR ONLINE BANKING PLEASE USE THE FOLLOWING INFORMATION AND THEN RETURN THIS FORM TO SCHOOL

Account Name: Aylesbury High School Fund Account Sort Code: 40-08-39 Account Number: 21542443

Gift Aid

O I am a UK taxpayer and eligible for Gift Aid*

Total enclosed/paid £_____ Signature_____

** I confirm I have paid or will pay an amount of Income Tax and/or Capital Gains Tax for the current tax year (6 April to 5 April) that is at least equal to the amount of tax that all the charities and Community Amateur Sports Clubs (CASCs) that I donate to will reclaim on my gifts for the current tax year. I understand that other taxes such as VAT and Council Tax do not qualify. I understand the charity will reclaim 25p of tax on every £1 that I have given.*

Please notify the Development Office if you: • Would like to cancel this Gift Aid declaration • Change your personal contact details • No longer pay sufficient tax on your income and/or capital gains.

All personal information provided to the school and its charity is processed in accordance with the UK Data Protection Act 1998. Aylesbury High School is a charity registered in England and Wales (number 1058760), whose registered address is Aylesbury High School, Walton Road, Aylesbury, Buckinghamshire, HP21 7SX
