Expedition:

We have had another busy week across the school in Expedition lessons. Y5 have worked collaboratively to learn about the history of medicine; they move on to their second case study next week where they will learn about the functions of the circulatory system and even take part in a heart dissection. In Y3/4 a representation from Green Top launched their music single, 'Dear World' internationally as part of 'Better World Day'. The children joined 20 schools from across America to share and showcase their authentic learning.
