Expedition:

Y3/4: This week in expedition, Year 3/4 have continued to develop their knowledge of Romans and their inventions. We have moved on from looking at roads to the invention of aqueducts. We also enjoyed our field trip to Murton Park where we spent the day in a Roman fort reenacting marching and battle tactics!

Y5/6: This week has seen us delve deeper into our Geography case study to discover more about South America and the country of Brazil. We looked at Brazil's human and physical characteristics to understand why certain places were more populated than others. We came to the conclusion that the rainforest biome had a heavy influence on this.

Character Growth (Crew):

Y3/4: This week in crew, Year 3/4 have really focused on their handwriting during academic crew. We are working so hard to develop our writing by ensuring we are using the correct joins. This will have a great impact on all of our future writing which links nicely to our 'Quality and Craftsmanship' character trait.

Y5/6: This week, we used academic crew to shine a spotlight on the start we have made to Accelerated Reader. We scrutinised our data to check that we are reading the correct levelled books, are reading regularly and our quiz scores were as close to 85% as possible. By doing this, we realised we had made an excellent start, so we made pledges to make sure we continued to be awesome.

Message from 'The Friend's of GT':

We are looking forward to sharing our 23/24 plans with you soon!
