

Bamburgh Primary Times

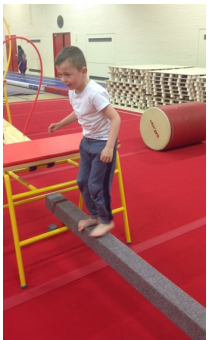

Spring Term Edition

The primary classes have been very busy this term... read on to find out some of the things we have been up to!

Birch: Birch class enjoyed their visit to Bill Quay Farm. The workshop they took part in let them meet lots of the animals they have been learning about in school.

Juniper: During the Spring Term Juniper Class visited Tweddle farm as part of their topic 'At The Farm'. We looked at lots of different animals and enjoyed a ride on the tractor.

Willow: Willow class enjoyed a gymnastics festival at Headworthfield Gymnastics Centre. The children practiced jumping, balancing and completed gymnastic routines using various specialised equipment. The children had a great time with all children having a go!!

Mulberry: Mulberry class have been working hard this term in Design and Technology. They designed and made volcanoes linked to their topic work and watched them explode in the school yard as part of their science lesson. They have also been working on completing an arts award in school. As part of this they made Roman pots and visited the Roman Fort. The pots will be displayed at South Shields Museum.

Tulip: Tulip class have been cooking in their life skills lessons. They have learnt how to use the toaster and boil water; while also making pizza and fruit kebabs. They have also took part in a tennis festival and in Bamburgh's got talent.

Holly: At the end of last term, the children in Holly Class performed an adapted play based on the myth 'Theseus and The Minotaur.' The play, which was linked to the 'Greece now and Then' topic, was performed for parents, friends of Holly Class, primary classes and Mr Nord.

Hawthorn: During the Spring Term the Topic in Hawthorn Class was The Wild West! They enjoyed making Native American tipis, dreamcatchers and false face masks. They also designed and made Native American headdresses which they wore! We learnt lots of interesting facts about cowboys and their way of life on the Great Plains.

Bamburgh's Got Talent: Our annual talent show took place in the spring term with many of the primary children showing off their amazing talents such as singing and dancing. The show was a great success. The overall winner for primary was Cameron Johnson from Hawthorn class and a massive well done to him!
