Dear Parent / Carer,

**Key Stage 3 Spanish Revision Workbook**

I hope that your child has been enjoying their language lessons so far this term and feels a sense of progress, particularly after the interruptions to normal education last year.

You will have noticed that the language homework set each week is primarily on Quizlet. This is to help your child consolidate what they are learning in class but, equally, to make it as straightforward as possible for you to monitor homework completion and provide parental support if needed.

To supplement this, I would also recommend that you consider purchasing the following revision workbook: Key Stage 3 Spanish Complete Revision and Practice, published by CGP in 2020.

Although this book is not used in school, it will allow your child to explore in greater depth the grammar and topics we cover in class. Their teacher will be able to signpost pages which are of particular benefit.

I would like to stress, however, that this is optional, not mandatory.

If you have any questions about language learning at Rednock, please do not hesitate to contact me.

Yours sincerely,

**Stephen Carter,**  
Head of MFL
