Dear Parent / Carers

Design and Technology Financial Contribution

In the Design and Technology department we pride ourselves on the variety of specialist opportunities which we offer in Textiles, Product Design and Food. This enables the students to experience designing and making through the use of many different materials and techniques in creative and exciting projects with a wide range of equipment across the department. To support us in maintaining the current level of diversity we offer the students, it has become necessary to ask for a contribution towards students owning their product.

If you wish to own your child's Design and Technology work, please complete the following Google Form by Friday 17th December 2021. Payment can be made via ParentPay and the contribution amount will be added to your ParentPay account upon completion of the [Google Form](#). If you are unable to pay via ParentPay, please email admin@rednockschool.org.uk to arrange alternative payment method. I must stress that any contribution is voluntary and no student will be disadvantaged in lessons if a contribution isn't received.

We have detailed below the suggested financial contributions required for the subject in each year group:

Key Stage 3 £6.00 per year group		Key Stage 4 £8 per year group	Key Stage 5 £12 per year group
