Academic Year: 2021/2022 | Term 4 | Thursday 7th April 2022

A Message From The Headteacher

Dear Parents / Carers and Students

We are over half way through the academic year already - it has flown past. Our Year 13 and Year 11 students only have a few weeks left in school before they sit the first set of exams for over two years. We have prepared them as best we can - both in terms of the subject knowledge that they will need but also in the practice of exams. It is a stressful environment and one which needs time for students to understand the rigid protocols from the examination boards. Consequently, we have held mocks for them so that they know what to expect. It is a difficult time to be a parent / carer, too. You see what they are going through and sympathise. A quiet space to themselves - if possible - will help and a listening ear when they need to vent! (that and lots of chocolate biscuits if my own children are anything to go by!). I wish all of you - students and parents / carers - the very best of luck.

For the rest of us, it is about making sure that we have the foundations for success in place. We want all of our students and parents / carers to aim high; to work hard and celebrate the success which comes from high ambition, a strong work ethic and a drive for success. Our return to the routines and norms, pre-covid, will support this.

I wanted to note the impressive community response to the Ukrainian humanitarian crisis. Thank you everyone for contributing either in money or time to support our fundraising efforts across the Cam and Dursley Partnership. Those efforts are still carrying on with the help of the local churches, GL11 and Growing Together; it has been wonderful to see the whole community coming together and working to try to improve the lives of those affected by war. Once again, I am reminded of how fortunate I am to live and work in this special community. Thank you.

Have a restful Easter break and I look forward to seeing the students back on Monday 25th April.

David Alexander - Headteacher

English Department

The English department are proud to present the opening of the Book Vending Machine! Each term, students who have completed all of their homework on time and to a good standard, will be entered into a raffle to win a free book. Students who have also gone above and beyond in lessons will also be rewarded with a token to use in the vending machine.

As part of Rednock's reading drive, the books are linked to their Accelerated Reader scores, so that students can enjoy books that will progress their reading skills. A range of fiction and non-fiction books are available.

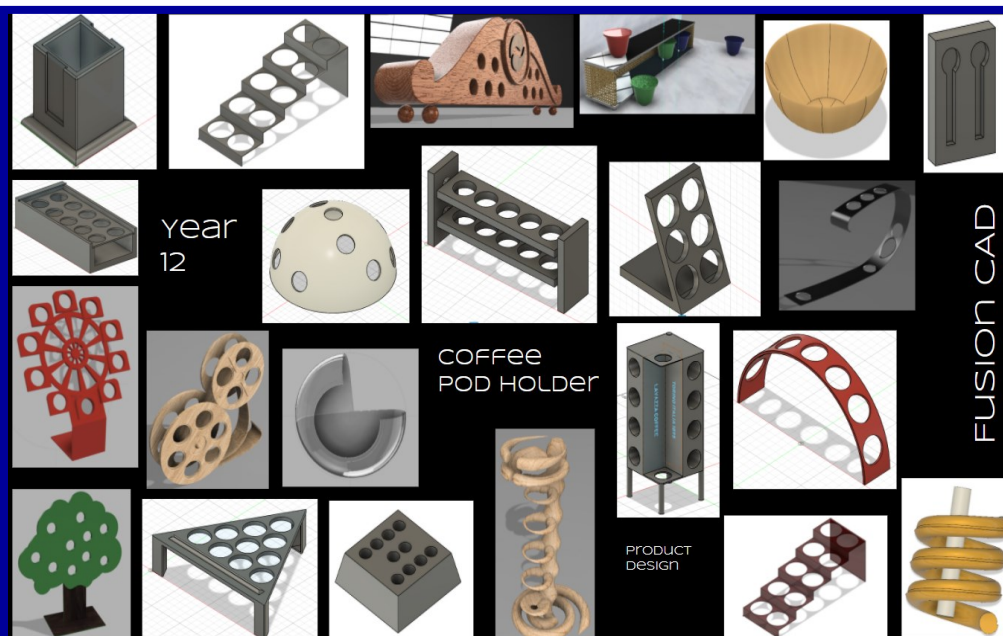

DT Department

This term Year 10 had their food practical mock exams. The students have been working extremely hard this term planning for the practical. The theme for this practical was 'Italian' and students made a range of dishes from homemade pasta, sweet pastries, homemade bread for bruschetta and focaccia. They also have worked on their presentation and portion control this term.

Year 10 have done a great job and should be really proud of their efforts. We include pictures of some of their fantastic work below.

We include a snapshot of the amazing Computer Aided Design (CAD) drawings the Year 12 Product Design students have produced. The students learnt the CAD program at home through tutorials. The brief set was to design a coffee pod holder that holds 10 pods. The first drawings are conceptual designs ready for development and 3D printing.

Amazing work Year 12! You have learnt so much in a short amount of time.

Art Department

This term Year 8 students have focused on using oil pastels. The theme of their work is 'Food'. Mrs Clarke's class were asked to draw an oil pastel sweet drawing. The work was based on the artist Sarah Graham, the students have taken sections of her oil paintings and recreated these in oil pastels. The students have created wonderful drawings, they look good enough to eat!

Megan Henden

Izzy Gunter-Price

Fyn Roberts

Year 9 have created clay models based on various urban artists. Students have been looking at a variety of 2D and 3D artists and will be moving on to create their own inspired pieces of clay work based on these artists next term. We include some of their wonderful sculptures below. Well done Year 9!

Maggie Feltham

Dylan Court

Rosie Frost

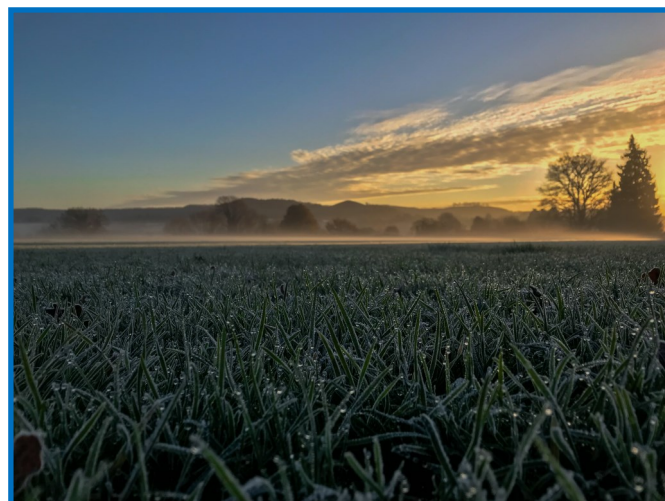

Photography Competition

The Dursley Rotary Young Photographer Competition is a well established and successful competition organised and promoted by Rotary International. The competition is judged on a portfolio of three photographs accompanied by a brief sentence describing the relationship of each photograph to the theme.

We are pleased to announce that Luke Sullivan in Year 10 won the competition. We are incredibly proud of Luke's achievement and would like to congratulate him on his fantastic work.

Luke's winning photograph

Music Department

The Rednock Swing band performed two concerts in the local community this month to help fundraise over £1000 to support the crisis in the Ukraine. The band gave their first indoor performance at the Wotton Baptist Church on the afternoon of Saturday 19th March followed by a highly enjoyable joint concert with the Dursley Male Voice Choir on Wednesday 23rd March. Both concerts were well attended and it is clear that local residents are keen to return to live music events following the disruption caused by the pandemic. Well done to all of the students and staff involved.

THANK
YOU!

Ukraine Fundraising

THANK
YOU!

Rednock School has collaborated with the local community and formed a partnership with the local schools Cam Hopton, Slimbridge and Stone with Woodford to jointly raise a staggering £3000 for the Disasters Emergency Committee (DEC). The DEC is a centralised organisation disseminating food, water, shelter, healthcare and protection to the specialist charities

on the ground in Ukraine.

Our partnership non-school uniform day took place on Wednesday 9th March. Students were invited to donate £1 and dress in yellow and blue, the colours of the Ukrainian flag, to show solidarity. Themed events continued throughout the day in all of the schools in the partnership, with students and staff coming together to show their support.

We are delighted by the kindness and generosity of parents and carers. The outpouring of support from across the local community has been breath-taking. We would like to thank you for all of your donations - many of which were more than £1. These essential funds will go a long way to helping those who need it most.

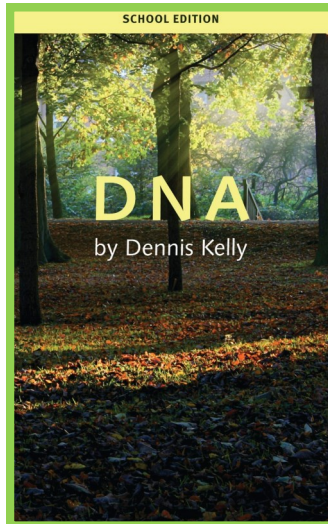

Drama Department

Year 8 have explored the style of Physical Theatre this term. They have explored techniques such as 'body as a prop', Frantic Assembly's 'Round-by-Through' and 'Chair Duet' to eventually devise and create their own physical theatre piece in groups. This requires great collaboration and creativity. Well done Year 8, you have worked really hard!

FRANTIC ASSEMBLY

Year 8 - Ethan Page and Josh Szuluk

Year 9 have been studying DNA by Dennis Kelly this term. Students have worked as an ensemble to create realistic and emotive performances. Students were asked to pay close attention to their use of volume, emphasis and tone as they tell the story.

Well done Year 9.

Year 9 - Sam Kinsley, Liam Kent and Sophie Lee

A huge congrats to our Performing Arts Year 10 students who have completed their Component 1 this term. Within this component, students were asked to explore three different styles of acting and research professional productions in this style, presenting their findings within a filmed presentation. Here are some photos of our students in their practical workshops for this component. Well done Year 10.

Year 11 students are working incredibly hard towards their Component 3 external exam which is at the end of this term. This term students had to respond in groups to the given brief "Better Together"; devising a workshop performance. Keep up the great work Year 11.

On Thursday 24th March Year 12 performed their Exam performance of the 'The Curious Incident of the Dog in the Night-time'. This is a physical theatre play which required our students to multi-role and use many physical theatre techniques including lifts. Our students did a wonderful job!

On Thursday 10th March Year 13 performed their final Unit-19 Acting styles exam of the play "The Laramie Project". This play was created by members of the Tectonic Theatre Project in reaction to the brutal 1998 murder of Matthew Shepard in Laramie, Wyoming due to his sexuality. Every word spoken has been taken from real interviews from Laramie residents.

The audience's feedback was great, it was an incredibly emotive performance. Well done.

Science Department

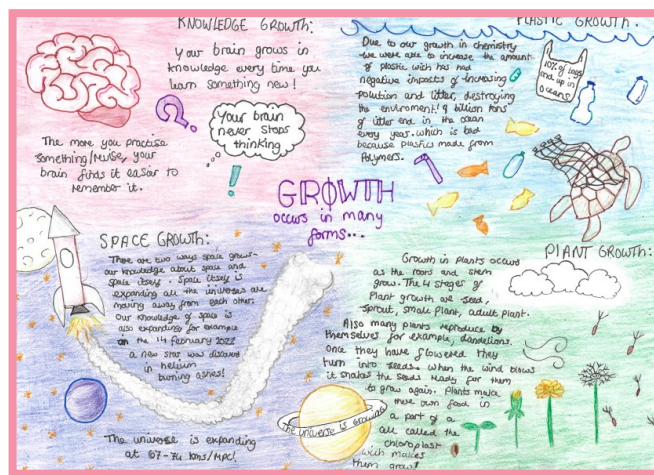

In March we celebrated British Science Week in Key Stage 3 lessons! Year 7 have all had the opportunity to enter the Science Week poster competition (we include some of their work below). In Year 8, we have been looking at careers that would help us to tackle climate change and in Year 9 we have been linking into our topic on photosynthesis and plants by growing and observing beans. The Science department is currently full of many bean seeds which are now sprouting ready for the students to look at and measure.

We include some of the wonderful posters created by our Year 7 students for British Science Week.

Megan Lawrence - Year 7

Leah Lavis - Year 7

6th Form

'What if Roadshow'

The 'What if Roadshow' was organised by the Police and Crime Commissioner, Gloucestershire Fire and Rescue Service, Gloucestershire Constabulary, South Western Ambulance Service, the Severn Major Trauma Network and Gloucestershire University.

The aim of the roadshow was to shatter the 'illusion of invincibility' held by many young drivers and passengers, and empower all of us to be safe and sociable road users. The audience was shown a film, detailing the story of two young men who were involved in a 'crash' in the Forest of Dean which took them on a journey, exploring their emotions and presenting the harsh realities after the incident. Alongside the film was on-stage testimonies from professionals who attend road traffic collisions and those who have been affected by them. The students found the roadshow very powerful and enlightening. We would like to say a big thank you to the 'What if Roadshow' for visiting Rednock School.

Achievement Heroes

Each week the four Community Leaders nominate one student from their Community that they would like to put forward as a Achievement Hero. The Achievement Heroes are invited to the Conference Room to meet with Mr Alexander. Hot chocolate and a sweet treat are made available for the students to collect from the canteen / 6th Form Café at a time that suits them. The group discuss their achievements and use this opportunity to raise any important matters to Mr Alexander.

A big well done to all of the Achievement Heroes from this term, we are so proud of your hard work!

Week Commencing 7th - 11th February and 14th - 18th February

BRUNEL: Imogen Waldron (B1BPA) and Jack Bowyer (B9HAL)

DARWIN: Josh Firth (D7ERE) AND Izzy Gunter-Price (D6CG)

HUBBLE: Hattie Seal (H3JAA) and Joshua Szuluk (H9LHA)

JENNER: Lily Herbert (J9DST) and Lucas Bullock (J5SMB)

6TH FORM: Cruz Ford (12AW) and Jorge Hiney-Pereira (12AW)

Week Commencing 7th - 11th March

BRUNEL: Ryan Rawlins (B5NLB)

DARWIN: Sam Kinsley (D1DK/LM)

HUBBLE: Lilja Clarke (H7JDE)

JENNER: Zara Judges (J6ASH)

6TH FORM: Charlie Fryc (12KPG)

Week Commencing 28th - 4th March

BRUNEL: Austin Wilson (B6ALD/SMC)

DARWIN: Jacob Norman (D7ERE)

HUBBLE: William Clinch (H1VED)

JENNER: Jude Taylor (J7HCL)

6TH FORM: Mia Richardson (12KPG)

Week Commencing 14th - 18th March

BRUNEL: Primrose Barfe (B2WSA)

DARWIN: Benjamin Howse (D5RR/SCW)

HUBBLE: Alex Foscett (H2CME)

JENNER: Harvey Howell (J4ASU)

6TH FORM: Max Gay (12MMC)

Girls PE

GIRLS FOOTBALL

We include a few team photos below taken from the Year 10 and Year 11 football tournament against Thomas Keeble, KLB, Stroud High, Deer Park and Archway.

Year 11 Girls Football Team

Year 10 Girls Football Team

Bespoke
MENTORING

Andy Lewis MBE Visit to Rednock

Bespoke
MENTORING

On Thursday 31st March, paratriathlete Andy Lewis MBE made a special visit to Rednock School to hold a mental health-focussed 'Mentoring Masterclass' for our Year 8, Year 9 and Year 10 students.

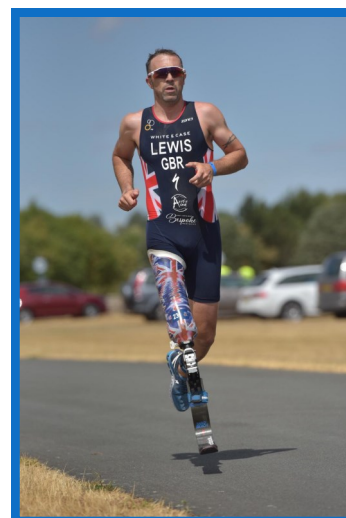

Andy's Story: In 1999, at the age of 16, Andy lost his leg in a horrific bike accident when a 38-tonne lorry ran him over. After the accident, everybody told Andy there were things that he wouldn't be able to do following his leg amputation. Andy was in a very dark place but he soldiered on gaining his pilot's licence before flying solo across Europe. Andy became a paralympian competing in the triathlon; he won the gold medal at Rio 2016, becoming British, European and World Champion. Andy was awarded an MBE from the Royal Family in 2017.

Andy has used his life experiences and adversities to create a powerful message, raising aspirations and helping people tackle their problems so they don't have to go through the struggles that he did. During the masterclass, Andy talked to the students about his highs and lows, including his success in sport but also his mental health and nearly losing his wife and children by pushing himself to the limits. Andy is a true inspiration; the students found the masterclass both moving and extremely motivational.

We would like to thank Andy for visiting us and for sharing his expertise and experiences with our students. We would like to share the following videos with you -

https://www.youtube.com/watch?v=h2b2W_NxikM

<https://youtu.be/0b94l3lVxzM>

Boys PE

BOYS FOOTBALL

Year 7 - The Year 7 Boys Football Team have trained hard these last two terms with over 30 boys being involved at different times. In this terms Year 7 tournament the 'A team' performed very well, winning two games, drawing one and losing to a great free kick against Marling. The boys showed lots of commitment and teamwork and there is plenty of potential for seasons yet to come. Three teams played against KLB and Marling earlier in the term, which allowed Year 7 to demonstrate their strength in depth.

Year 7 Boys Football Team

Year 8 Boys Football Team

Year 8 - We include a photo of the Year 8 Boys Football Team that are currently playing in the District League.

We look forward to sharing further details on their progress next term.

Year 9 - The Year 9 Boys Football Team played a Stroud District League game against Marling School. The Marling side were strong, quick and physical. After taking the lead through James Tainton, Marling hit back and went 3-1 up with James scoring another to make a 3-2 score line. The result puts Rednock through to the semi finals with an away leg to come. Great work Year 9!

Year 9 Boys Football Team

Semi Finals - Unfortunately at the end of a dreaded penalty shoot out and going out in the semi finals to Thomas Keble, with Rednock starting slowly, Thomas Keble were able to get a penalty which Roan Young saved well. Rednock did concede though and went into half time losing 1-0. A spirited second half saw Tom Ford equalise and send the game to penalties which Rednock unfortunately lost despite the best efforts of Billy Pullin. A truly spirited effort which just fell short. Huge hope moving into next year's football

season.

Year 11 Boys Football Team

Year 11 Football - Rednock's Year 11 football team hosted Farmors school in the semi-final of the District Cup. Rednock started very strongly creating many scoring chances in the first twenty minutes and going ahead 1-0 thanks to a solid finish from Jacob Polkinghorne. The Farmors keeper making some sterling saves. In the second half Rednock hit the post twice and failed to increase their lead. Farmors came back strongly in the last 20 minutes scoring 2 headers and winning the game. A great game of Football and good luck to Farmors in the Final.

Under 18 Boys Football - The Under 18 boys unfortunately fell at the quarter final hurdle losing to a talented Cotswold team 3-2. After a difficult start against the wind and conceding an early goal, Rednock were up against it. A wonderful strike from Jamie Polkinghorne got Rednock to 1-1 at half time. With the wind in our favour, the Rednock lads worked incredibly hard with Jake Evans being awarded a penalty which Jaden Chapman coolly put away. Moving into the final 8 minutes Cotswold were awarded a free kick on the edge of the area which was expertly dispatched, forcing it to 2-2. Then cruelly in the final minutes the Cotswold winger got through and managed to place a perfect lob over the keeper to secure a last ditch win.

Under 18 Boys Football Team

The season has been an excellent one with some real highlights, especially some of the goals scored. A thoroughly great set of lads to work with and we wish the Year 13's all the best in moving to their next destinations.

Maths Department

The Year 7 students are getting very competitive with the multiplication tables games on the Times Tables Rock Stars website! All Year 7 students have access to this brilliant website and many students are completing the expected 5 minutes a week homework task. The aim of the website is to encourage students to develop fast recall of multiplication tables. Students can choose to compete against other students or to play solo, trying to beat their previous scores. The more the student practises, the more 'coins' they earn, which can be spent on their avatar.

To date, [Hannah Biddle](#) is the Year 7 student with the highest 'Lifetime Earnings', closely followed by [Beatrice Sprague](#), [Tye Hodges](#), [Leo Lai](#) and [Benjamin Woolley](#)! Well done!

If you have not logged onto the Times Tables Rock Stars website yet, or need any help, please speak to your maths teacher.

School Uniform Notice

We would like to set up a second hand exchange to support parents / carers who have to acquire new uniforms and those who want to dispose in a sustainable manner. We would also be interested to hear from any parents / carers who would like to support us in this endeavour with organisational support or ideas of how it can work best for our whole community. If you have any ideas or would be interested in supporting us please contact admin@rednockschool.org.uk (FAO Mrs Cole).

If any Year 9 or Year 11 parents / carers would like to donate any pre loved uniform we would be happy to accept it. Donations can be dropped off to main reception in a carrier bag marked FAO Mrs Cole.

The Girl On A Bike

On Tuesday 29th and Wednesday 30th of March students were fortunate enough to have been visited by Vanessa Ruck, AKA [TheGirlOnABike](https://thegirlonabike.com/). Vanessa has experienced huge trauma in her life and, since an accident while cycling 8 years ago, has undergone 7 surgeries to reconstruct her body. Despite this, she lives life to the full and currently races and rallies on motorcycles, all over the world. (See her website for more details on this). Vanessa was energetic, motivational and inspiring and shared some really important messages with students around resilience, mindset and mindfulness. As part of our focus on the home-school partnership she also delivered excellent presentations to both teachers and parents / carers to help triangulate the message between the students, staff and home.

We know the students adored the session as Vanessa's social media following has increased by 700 followers this week alone! The messages left by students have been heartfelt, sincere and full of admiration. We hope to be able to work with Vanessa again in the future.

If you have any questions about the sessions, or want to know more about Vanessa's story, please feel free to get in touch, or have a look at her website: <https://thegirlonabike.com/>

Thank you

We would like to say a BIG THANK YOU to Mrs Hains who made a very generous donation of £100 to cover the cost of tickets for those students who couldn't afford to attend the Year 10 English trip to the Globe Theatre in London to see Macbeth.

THANK YOU!

We are extremely grateful for Mrs Hains' donations. The students are really looking forward to watching the performance on Tuesday 5th and Wednesday 6th April.

Raising Standard Lead

Year 7 - Miss Tritton

Wow, Term 4 already! This term has seen the majority of our Year 7's now nicely and firmly settled into secondary school life here at Rednock and I can see the reward points skyrocketing!

What's more, this term our Accelerated Reader + intervention has been a great success with a small number of students who have worked really hard in finding a book that is suitable for them and that they enjoy. These students have been reading it so well that they have been able to achieve 100% in their quizzes! A special mention to [Logan Lippett-Webb](#), [Marley Davis](#), [Chloe Dolder](#), [Jamie King](#), [Leo Bennett](#), [Eryk Hughes](#), [Kittie Stanyer](#) and [Maisey Workman](#) for all achieving 100% on a reading quiz (or more!) this term!

100%

We have also seen the launch of 'Win the Week' for a small group of students across Year 7 towards the end of this term, which has been received with lots of enthusiasm and several students getting all 9 boxes of the grid checked off by teachers already! Well done to [Lily Gainer](#), [Mollie Sowden](#), [Leo Bennett](#), [Leo Joy](#), [Eryk Hughes](#), [Jamie King](#), [Alice Paisey](#), [Thea McCormick](#), [Harry Olpin](#) and [Alexi Britnell](#) for a positive start to this challenge!

Year 8 - Mrs Mould

Term 4 has seen many of our Year 8 students excel within their learning especially having had a bumpy start to secondary school life. This is shown by the amount of reward points students have been achieving, positive comments from many of their teachers and the students commitment to doing their best in lessons each day.

AcceleratedTM
Reader

Accelerated reading continues to go well with many students really putting in a lot of effort to their own improvement and stamina to keep reading in and out of school. They have all been pushing themselves to hit 100% on their quizzes. A couple of specific mentions go out to [Livvy Bond](#), [Ethan Thomas](#) and [William Clinch](#) all of whom have recently quizzed and hit well above that all important pass mark, so well done!

Those attending the magic maths interventions have also done superbly well, attending the sessions and really trying their best with a particular shout out to [Chris Leach](#), [Samuel Hall](#), [Phoebe Spratt](#), [Reuben Summers](#) and [Tanisha-Marie Winter](#). I hope to see this level of commitment continue into next term as well.

The Reaching the Summit competition has been running now since January and the students in all four teams have amassed a staggering 1277 reward points! Many of the students are heading quickly up the mountain striving for the next stage up and a special congratulations must go out to the following students: [Jack Chalmers](#) 103 steps; [Livvy Bond](#) 94 steps; [Alfie Davies](#) 85 steps; [Samuel Hall](#) 80 steps; [Alexander Bick](#) 77 steps; [Ieuan Jones](#) 75 steps and [Reuben Summers](#) 67 steps, a big well done to you all, keep up the good work. At the end of this term I will be advising which team has achieved the most steps (reward points) and they will be receiving Cadbury's creme eggs. Likewise the person who has achieved the most individual steps will receive an easter egg and the person who has shown the greatest improvement will also receive an egg.

Raising Standard Lead

Year 9 - Mr Szmaglik

Firstly, I'd like to express my sincere thanks to the students and parents / carers who were able to attend and engage with the Key Stage 4 Options Evening on Thursday 17th March. It was lovely to see so many students and parents / carers getting involved with this process in person and not through a screen!

This term, Mr Burke kindly arranged for a visit from the 'I Can, I Am' bus who came to the school to work with groups of Year 9 students around aspirations. The students found this workshop extremely helpful.

A small group of students have continued to work hard during a.m. registration interventions. [Charlotte King](#), [Reese Owen](#), [Sophie King](#), [Lily Herbert](#) and [Joao Major](#) have all worked very hard in their maths intervention with Mr Mitchell to improve their understanding of sequences, inequalities and indices. Meanwhile, in Accelerated Reader+ [Leiland Green](#) has enjoyed the dry humour in a Hitchhiker's Guide to the Galaxy, by Douglas Adams and [Ellie Bick](#), who branched out to read a story written entirely in verse!

Year 10 - Mr Steele

Term 4 has been hard work for Year 10; I would like to start by congratulating them on completing their mock series of exams. At the time of writing almost all of the exams have been completed. In the coming weeks students will find out their grades and will have the chance to analyse their performance with teachers in lessons. Arguably the response to this is even more important than the effort put into revision and I will be encouraging students to attend as much as possible and to give 100% in their lessons in the coming weeks.

I know putting in that extra effort isn't beyond Year 10 as, based on the data from the last report sent home, two small groups of students have been working on developing both their effort and progress levels in lessons. Special mentions here must go to [Jazz Girvan](#), [Mia Norman](#), [Zac Thomas](#), [Rhys Jones](#) and [Connor Walker](#) who have worked really hard on this recently.

In terms of our extra-curricular offering, Year 10 have been really fortunate in getting to see and interact with Vanessa Ruck (aka [@thegirlonabike](#)) at the end of March. Her messages around determination, grit and resilience were inspiring and motivating in equal measure and it was nice to see so many parents / carers engaging with Vanessa's evening event too. If you have any further ideas regarding fantastic speakers with important messages, please do let me know!

Year 11 - Miss Jones

Congratulations to Year 11 on completing their latest set of mocks - results will be given back to the students over the next few weeks. Teachers will then be giving specific feedback to students to help them identify their areas for revision.

Over the next few weeks, parents / carers and students will also be invited to a 'Supporting Revision' information evening. This will provide practical revision strategies and how to support well-being over the forthcoming examinations. Students will be shown a range of strategies and will be given advice on how to plan out their revision in preparation for their GCSEs.

There are a busy few months for Year 11's ahead! Information on the Awards Evening and Leavers Day are to follow. Thank you so much for your continued support - please feel free to contact me with any further advice or information you would like to support Year 11 over their last few weeks (natalie.jones@rednockschool.org.uk).

Learning Resource Centre

Accelerated Reader - Students continue to make great leaps in reading by following our 5 simple rules for reading success:

- Read for a minimum of 20 minutes a day
- Make sure your book is in your Zone of proximal development (ZPD) range
- Aim to quiz within 24 hrs of finishing a book
- Have your Accelerated Reader book with you at all times in school
- Change your book outside of lesson times.

- New books are added to the LRC regularly - look out for Carnegie shortlisted titles and on the new books display.
- Please look after our new books - you will be charged for lost or damaged.

yoto
**CARNEGIE
GREENAWAY
AWARDS**

Students continue to make progress using the Accelerated Reader (AR) Scheme. Those achieving full marks in their quiz get to attempt to guess the combination of the '100% box' and select a prize.

The latest winner was **Willow Metcalf** (J8STC). Well done Willow!

LRC Stationary Shop

Remember you can always pop to the LRC if you have forgotten any stationery items.

- Pen 20p
- Pencil 10p
- Rubber 10p
- Clear pencil case £1.00
- Rulers 40p
- Protractors 10p
- Compasses 50p
