

What will I be studying?

This course allows you an insight in the many roles available within health and social care from nurses to social workers to child care assistants and beyond they have many key features that we shall explore and apply. You will be studying a range of units which will help you to gain skills that will be valuable in your chosen profession or future study. You will learn about the human body and mind alongside the changes across time. You will learn what it means to work in the sector and what skills and behaviours you will need to develop.

Task 1 - Health and Social Care in the Media

It is important to make the public realise about the issues which are prevailing in society relating to health and social care. One way in which public awareness is raised about health and social care in general and issues that exist within the health and social care sector is through the media. Your task is to pick...

- x2 Films
- x1 Book
- x2 Documentaries

Task 2 -Research a list of Health and Social Care jobs/ medical terms for each letter of the alphabet.

Research task

Chose a professional from the following:

- Midwife
- Paramedic
- Paediatric nurse
- Nutritionist
- Physiotherapist

You could choose your own idea from health and social care roles if you prefer.

Create a fact file for your chosen job role You could include:

- A day in the life of.....
- General roles and responsibilities
- Routes into the role/ qualifications required
- Skills & qualities
- Average pay
- Where they work
- Who they work with

And anything else you think
