

Kerboodle Helpsheet

1. Go to kerboodle.com

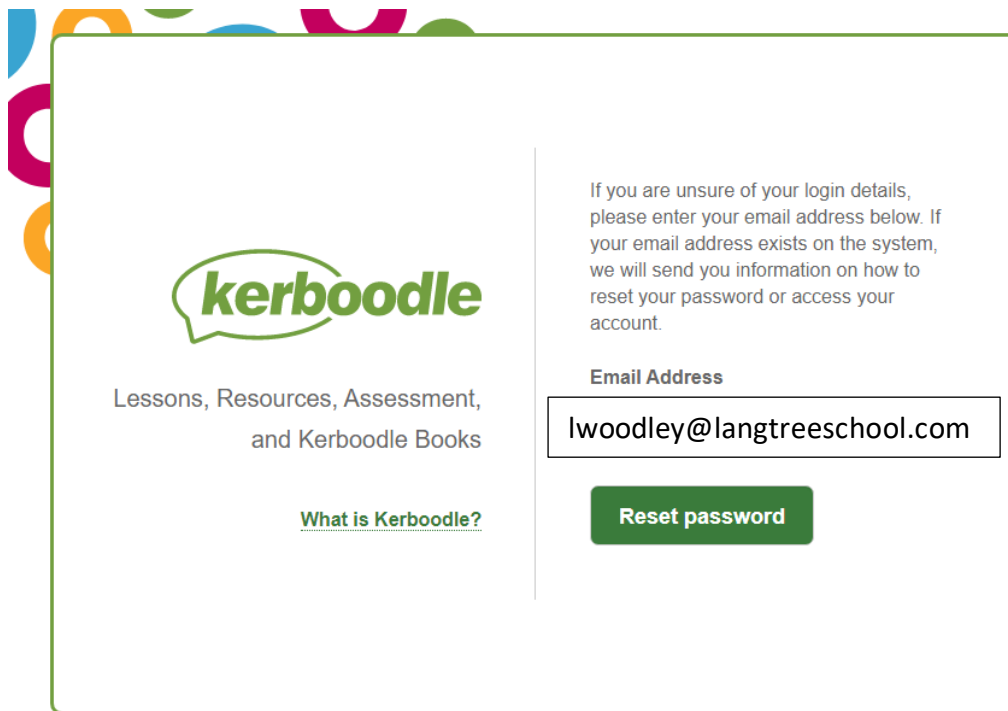

The screenshot shows the Kerboodle login page. On the left, there is the Kerboodle logo and the text "Lessons, Resources, Assessment, and Kerboodle Books" with a link "What is Kerboodle?". On the right, there are three input fields: "Username/Email" containing "Start of your school email address e.g. lwoodley", "Password" containing "Your password", and "Institution Code" containing "DRE4". Below these fields is a green "Log in" button and a link "Trouble logging in?".

2. Not working? You might have forgotten your password! If this is the case, press 'Trouble logging in?'

This screenshot is identical to the one above, but the "Trouble logging in?" link is circled in red to highlight it as the correct action to take if a user has forgotten their password.

3. And enter your school email address. This will send a password reset link to your school email
