

Home-School Agreement

All schools have a Home-School Agreement. The purpose of this agreement is to set out, in broad terms, how students, parents and the school should work together to ensure that children achieve the highest levels of attainment possible. School students and parents are all asked to sign this document to demonstrate that they endorse the general principles that are set out within it and to show how we all work together for the educational benefit of your child. If you would like to discuss the agreement, please contact your child's tutor.
