Dear Parent / Guardian,

## **RE: KS4 SCIENCE REVISION GUIDES**

In order to support your child's learning and progress we are recommending the purchase of revision guides for year 9 students. These 3 guides (Biology, Chemistry and Physics) cover the entire KS4 course (year 9, 10 and 11 study) and are a **vital resource** for homework tasks and revision before the end of module tests. If your child is entitled to the Pupil Premium Grant their book will be issued by the school.

Please note that there are essentially two different paths for Science; Separate Science or Combined Science. If you think that your child is likely to opt for Separate Science GCSEs then you will need to buy the 3 GCSE AQA Biology, Chemistry and Physics books. If you think your child is more likely **not** to select separate science GCSEs then they will, by default, follow the Combined Science course and will need to buy the GCSE AQA **Combined Science** book.

These books can be purchased from the CPG website please find links to the recommended texts below.

### Separate Science Revision and practise book Links

#### Physics-

[GCSE Physics AQA Complete Revision & Practice includes Online Ed, Videos & Quizzes | CGP Books](#)

#### Biology -
