

There's an OUCH in my POUCH by Jeanne Willis and Gary Parsons.

This is a lovely book. It is set in Australia and has lots of lovely words like: 'billabong', 'bibbly', 'boingy', and 'ripper' and 'nipper'. The story is about a little wallaby called Willaby. Willaby decided he didn't like to be in his mum's pouch anymore as it felt too uncomfortable. Willaby tries lots of other mum's pouches for size but none of them fit. Then... a dingo invites him into her pouch. (Dingoes are dogs and dogs do not have pouches!) Oh no! Run Willaby!

I love reading this story out loud as it rhymes and some of the words are fun to say. It also has a surprise and a happy ending.
