

## **Year 3 Autumn 1 2021**

What a great start to the year. We are working really hard on our joined handwriting and we have made great progress. In English we have been telling traditional stories, writing troll reports as well as creating synonym poems.

In Maths we have been practising quick as a click recall of x2,5, and 10 times tables. We are thinking about what else we know linked to these known facts. We practise number bonds regularly as well as mental addition and subtraction. We have investigated 2D shape and used a geoboard to make shapes.

In Science we have been finding out about the human body. We have learned about joints, muscles and bones.

We have enjoyed looking at illustrators in Art. We drew characters by Quentin Blake.

Music has been amazing exploring rhythm and pitch.

## **What is coming up?**

English: postcard writing, exploring story writing and biographies.

Maths:  $\times 3, 4, 6, 8$ , addition and subtraction, 3D shape, measures (time, mass, capacity, length)

Geography: Why is Sunderland a great place to live?

History: Who first lived in Britain?

RE: How and why is advent important?
