

Nursery Autumn 1

The children have settled very well into our school and have had a great start with their 'Whitburn Primary School' journey. They have enjoyed exploring the

classroom and making new friends.

Our first campfire was a huge hit. The children collected sticks and watched as Mrs Brooks started the fire. They were very interested in what was happening and thoroughly enjoyed their hot dogs.

The children had lots of fun exploring our class pumpkin. They did observational drawings, drew pictures on the pumpkin, scooped out the seeds, hammered golf tees, planted the seeds and finally, baked

pumpkin bread.

The children love to be creative and have enjoyed using lots of different resources to make pictures.
