

Year 3 Autumn 2 2021

In English, we have planned and written stories about Winnie the Witch and created illustrations like Korky Paul. We have explored extending sentences using commas and conjunctions. It was funny reading about The Hairy Fairy trying to find a perfect job!

In Maths, we have been learning the x4 and x8 times tables. We have practised adding and subtracting mentally in 1s, 10s and 100s. We enjoy talking and reasoning in maths. We have named common 3D shapes and made 3D shapes from nets.

In Science, we have found out how Marcus Rashford moves. He uses his muscles and joints and the children worked with the sport's coach to explore this.

In History we learned about cavemen and how they used animal skins to make clothes. We enjoyed reading stories about the Stone Age.

We have explored the meaning of Advent in RE and made our own advent wreaths.

In Geography, we have learned how cool it is to live in Sunderland, locating it on a UK map and the physical and human features it has.

What is coming up?

English: Myths and legends

Maths: Place value and mental + and -, x3 and x6 times tables, fractions

Science: Are magnets attractive?

Geography: What makes the Earth angry? Naming countries in the Northern and Southern Hemisphere, as well as locating famous volcanoes and what causes them and earthquakes.

RE: What can we learn about Christian symbols?
