

Summer 1

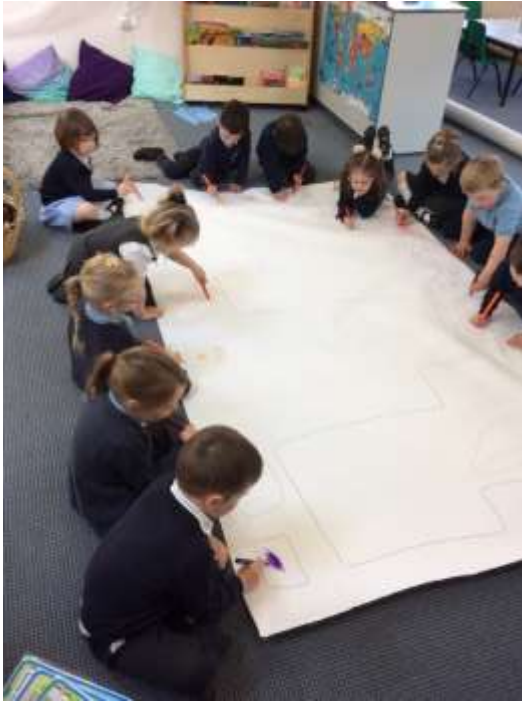

This half term, the children have been finding out about people who help us. They talked about how their grown-ups at home help them tidy up their toys and how they help their younger brothers and sisters. We had a visit from the fire brigade and the police. The children enjoyed trying on the fireman's helmet, sitting in the fire engine and washing the teacher's cars with the hose. They all agreed the siren on the police car was very loud.

After seeing the fire engine, the children wanted to make their own vehicles. They thought about what a fire engine looks like then picked their own materials.

The children have been exploring colour and enjoyed mixing the paint to make new colours.

Following the children's interests, we have been making a variety of maps. We read the story 'What the ladybird heard,' and looked at the map of the farm. The children made their own maps by drawing a track and then cutting out their chosen features. We made a class map of a town and the children made their own treasure maps. They loved using tea bags to stain the paper and making their X marks the spot.

The children are very excited for our Jubilee celebrations. They have been making their very own crowns so they can look like the Queen!
