

What's on at your local Waste and Recycling Visitor Education Centre

The focus on Children's Art, promoted by Twinkl will run for 3 weeks from 29th June until 19th July 2022. Why not combine great action to save our planet by trying out some reuse art.

Art is a fantastic way to reuse materials and prevent them going to waste.

Here are some great reuse art ideas connected to your garden, that you might wish to make during Children's Art Week.

- Bird feeders from plastic bottles, tubs or trays
- Labels for your seeds/plants using old lolly sticks
- Bottle top wind chime
- Flowers and flower pots made from plastic bottles
- Butterflies made from cardboard and paper straws
- Garden wish flags (bunting) using unwanted fabric and string/cotton

If you'd like to visit the Centre and make these items. Get in touch via the contact details.
