"A land tangled by magic, where hope is lost, and a scheming wizard holds all the power. Soon Olia learns that she is destined to save this land, but with time running out and her new friends and family in danger, she must search for the magic within herself - to save everything and everyone she loves"

This adventure story is the third by the author Sophie Anderson. It follows 13-year-old Olia as she journeys into a magical land to save her family and home. There are lots of interesting characters that Olia meets along her way. There are twists and turns around every corner and cliff-hangers that make you want to keep reading. I really enjoyed reading this story. I could relate to the character of Olia and the author kept everything relevant which meant I didn't lose interest

It's the first Sophie Anderson book I have read but I can't wait to read her other stories.

If you like adventure stories then I highly recommend The Castle of Tangled Magic.
