

Year 3 Autumn 2 2024

English

We have enjoyed exploring Winnie the witch, King of the birds and Hairy Fairy in English. We have written stories, followed instructions, and explored descriptive writing and biographies.

Maths

In Maths we have continued practising our times tables every day - x 2, 5, 10 as well as x 4 and x 8. We are also exploring the related division facts. We have added and subtracted 1s, 10s and 100s to 3 digit numbers as well as exploring 3D shape and tally charts.

Gardening

The children really enjoyed gardening this half term and learning about where our food comes from. The children all enjoyed tasting the garlic and chilli kale they picked themselves!

Pedestrian training

The children have been amazing during their pedestrian training sessions. They have learned so much about how to cross the street safely. Well done year 3!

RE

As part of our RE unit this half term the children recapped the story of Rama and Sita and how this links with Diwali. The children learned about how Hindus celebrate this festival and they created shadow puppets to retell the story.

PE

During PE this half term we have been practising our social cog linked to the Real PE units. This has helped the children to focus on their jumping skills. Setting themselves a goal to beat their personal best when jumping over cones. The children did this really well and worked hard to beat their original scores!

Art and History

Our art and History this half term have linked really well. We have been learning about the stone age and how early humans lived and survived. We created cave art using a range of different techniques. The children loved making their own cave wall using lentils and rice and using charcoal to draw a cave painting!
