

Down In The Stable

1. Down in the stable, down in the stable,
It won't be too bad.
Down in the stable, down in the stable,
It's a cosy pad.
Come down with me and you will see
That it's really not too bad.
2. Down with the animals, down with the animals,
It won't be too bad.
Down with the animals, down with the animals,
It's a cosy pad.
Come down with me and you will see
That it's really not too bad.
3. Down in the hay all warm and snugly,
It won't be too bad.
Down in the hay all warm and snugly,
It's a cosy pad.
Come down with me and you will see
That it's really not too bad.
