

# There's A Razzle And A Dazzle

1. There's a razzle and a dazzle of light in the sky,  
Light in the sky, light in the sky.  
There's a razzle and a dazzle of light in the sky  
Shining down, down, down, down to the ground.
2. There's a flashing and a splashing of light in the sky,  
Light in the sky, light in the sky.  
There's a flashing and a splashing of light in the sky  
Shining down, down, down, down to the ground.
3. There's a gleaming and a streaming of light in the sky,  
Light in the sky, light in the sky.  
There's a gleaming and a streaming of light in the sky  
Shining down, down, down, down to the ground.
4. There's a razzle and a dazzle of light in the sky,  
Light in the sky, light in the sky.  
There's a razzle and a dazzle of light in the sky  
Shining down, down, down, down to the ground.
