To nepal,

Hope in nepal is all that matters we believe that you can make it even without hope

Open the door and let everyone encourage you to believe in yourself.

Practise and you will be able to build your houses back together.

Everyday we think about you and your earthquake.

How love was made

Dear Nepal

Once there was a boy called Zaky. He really liked this girl called Shanishai but he was too shy to ask and ran away. The next day Zaky saw Shanishai and was about to run away but he felt ambitious and asked her "Do you like me?" Shanishai gasped. Zaky was about to feel sad. Shanishai said "Of course I do!!" And from that day on Zaky and Shanishai became husband and wife. The love they felt to each other. I hope will also be felt by you.

A Normal Poem

Nepal, I'm sorry you had an earthquake,
Right now you'd be saying - "Oh, for goodness sake!"
I'll always help to make a country feel better.
And that's why right now I'm writing this poem!
