Dear Friends at Nepal,

We have heard the devastating news about the earthquake that has struck your country. Here in England we feel very sorry for all of you people who have lost friends and family. In England we are doing everything we can to raise money so all of you can start your life again and return your country to its normal form. We hope our money helps you out a lot.

Your friend
Na veed

Dear Nepalese friends,
I hope that our Woodcroft donation
will help you have enough money to rebuild
the damages that the earthquake had
made. I really do feel sorry about what
happened but I hope that you will survive
the pain of the earthquake.
