

# KEY STAGE TWO VIRTUAL SCHOOL GUIDE

## WELCOME TO VIRTUAL SCHOOL!

Although Woodcroft is closed, our virtual school is **open!** We want to support your child's learning as much as we can, so we've put together this handy guide to some of the resources which will help you to keep your child active both physically and mentally.

## GOOGLE CLASSROOM

Meet your class online and receive tasks and assignments from your child's teacher. This is a safe space to interact with classmates and keep busy whilst away from school: daily tasks will appear in your child's Google Classroom stream. **First News** will also be available to read via your Classroom stream. Teachers will be available to answer questions and give feedback at designated times.

## BRAINBUILDER

Look out for your child's weekly Brain Builder on the **Smarthomework app** button at the top of the Woodcroft website.

## APPS AND WEBSITES TO SUPPORT MATHS

Work through missions set by your child's teacher on **Khan Academy** and watch videos to support learning. Spend a few minutes each day in the 'Garage' section of **Time Table Rockstars** - your child is working through an individually targeted program of times tables.

Some other useful links for maths:

- [www.mathsframe.co.uk](http://www.mathsframe.co.uk)
- [www.prodigygame.com](http://www.prodigygame.com)

## OTHER APPS TO BROADEN THEIR MINDS

- Continue learning Spanish with **Duolingo**
- Develop your coding skills at **Code.org**
- Widen your understanding of the world using **BrainPop**

## KEEPING HAPPY AND HEALTHY

You might also like to...

- encourage your child to help with cooking or baking at home - those practical maths and science skills are invaluable.
- get outside for 30 minutes of fresh air each day.
- enjoy a story together.

Staying physically active is going to be really important, to help you achieve this whilst at home you can use:

- **Go Noodle**
- take part in **Joe Wicks 9am PE session** on Youtube
- relax with **Cosmic Kids Yoga** (also on Youtube)

*"Living is learning and when children are living fully and energetically, they are learning a lot."*

*Remember, teachers are available to answer any questions via email or on the classroom stream.*
