In school we are thinking about ...

Changes

We are thinking about what happens as we grow older.

Safety In Our Local Area

I am sure you were very shocked and upset when you heard about the tragic events that happened in Montrose Park over the half term holiday. After speaking to many of our families we know that safety in our local community including our parks and outdoor spaces, is a real concern.

As a school, we want to support our families by taking action to help improve matters. Woodcroft has joined with other local schools and community leaders to look for ways we can do this.

So far we have:

- Written to leaders in Barnet to ask for additional support to help our children and families.
- Started a campaign to improve safety measures in the parks.
- Arranged for a representative from the Home Office to give a safety talk to Years 3 - 6.
- Joined a Burnt Oak Community Group, organised by our local councillor, to bring together different organisations and groups.
- We are planning a questionnaire to gather your concerns and suggestions.
- We hope to arrange a forum, before the end of term, to enable all our families to share their thoughts with the local council.

We want all of our children to feel safe. We want parents and carers to feel heard! If you have anything you would like to share with us, please speak to one of the staff members on the gates.

Class Photos

We took some class photos in school today. These were organised by Mr Tallon and not taken by a professional company. Year 1 and Year 6, who are currently self isolating, will have theirs taken on return, so don't worry you will not miss out. Instruction about how to obtain the photos will be made available next week

POSITIVE CASES OF COVID IN YEAR 1 AND YEAR 6

This week we were notified of positive cases of COVID19 in both Year 1 and Year 6. Because we work in strict bubbles, both year groups were closed immediately and pupils and staff went into self isolation. Public Health Authorities were notified and our actions verified as correct.

All lessons then transfer to online Google Classroom.

Thank you to the families involved for their prompt actions, identifying symptoms, getting tested and informing the school immediately. This could save lives!

Passport and Visa Applications

As advertised in last week's newsletter, our policy is not to process any passport applications in the final month of term. The Home Office carries out additional checks involving the school being required to send additional evidence. We need to allow up to 4 weeks for this to occur before the summer break. The 25th June deadline for submitting to will be strictly enforced. ***Please do not now ask for a passport to be signed as school staff will politely decline. Thank you.***

The Benefits of Reading Aloud at Home 15 minutes a day makes all the difference.

Adults and children should read aloud together every day! 15 minutes daily reading aloud = 5,475 minutes (or 91 hours) of practice every year!!!

Why read aloud? Research shows that reading aloud with your child is the number one thing you can do to help prepare them for future success. Older children also like to read silently, but this should NEVER replace your 15 minutes per day reading aloud. Why not take turns? The adult read a page aloud and then the child. This will help make your child a fluent reader.

Bringing Communities Together!

A local parent is trying to organise events to support the community. She is promoting small and family businesses involved in arts, crafts and handmade items. Her first event is happening with the kind support of John Keble Church on 17th July. *(Note: This event is not linked to Woodcroft Primary)*

If you, or someone you know, would be interested in getting involved, or just going along on the day, then take a look at the poster below or contact the organiser, Larisa, using the details below.
