

Finance Management Policy

July 2023

(Incorporating: Credit and Debit Card Policy and Anti Fraud Policy)

This policy has been drafted in line with the London Borough of Barnet's **Scheme for Financing Schools**. Practices described arise out of the implementation of Fair Funding employed here since April 1999 under Section 48 of the School Standards and Framework Act 1998, and that it conforms to Contract Standing Orders.

The Governing body will convene at least once a term. The Governing Body will apply the principles of value for money to all financial and school dealings: to ensure the most effective, economic and efficient means available are achieved, using the following method:

- **challenge** how and why a service is provided (including consideration of alternative providers)
- **comparison** of performance against other schools taking into account the views of parents and pupils
- **consultation** with stakeholders especially parents and children
- **competition** to secure efficient and effective services

13 Tendering & Quotations - Contract Standing Orders for Schools

13.1 Procurement decisions are among the most important decisions governors and school staff will make because the money involved is public money and the Council and Governing Bodies are concerned to ensure that high quality supplies, works and services are provided. Efficient use of resources in order to achieve best value is therefore an imperative. The school's reputation is equally important and should be safeguarded from any imputation of dishonesty or corruption.

For these reasons it is an offence to fail to comply with Contract Standing Orders for Schools and follow the guidance set out in the Financial Guide for Schools when letting contracts. School employees have a duty to report breaches of Contract Standing Orders under the school's Whistle-blowing Policy to the Headteacher and/or the Council's Head of

Internal Audit.

The Contract Standing Orders provide the framework within which schools may procure works, supplies and services. The aim of these rules is:

- To ensure value for money and propriety in the spending of public money; and
to ensure that the council and schools are not exposed to unnecessary risk and likelihood of challenge arising from non-compliant tendering activity
- To ensure the continued effectiveness of the Contract Standing Orders, the Council may, from time to time, amend the thresholds set out below

13.2 Application and Interpretation

- The Contract Standing Orders shall apply to all contracts entered into by or on behalf of the schools maintained by Barnet Council. Exceptions to the Contract Standing Orders can be approved by the Governing Body in accordance with 5.6 and 6.4.
- Where the Council is entering into a contract as an agent and/or collaboration with another public body or government department, these Contract Standing Orders apply only insofar as they are consistent with the requirements of the body concerned. Where the Council is acting as principal the Council's Contract Procedure Rules will take precedence.
- Unless the context otherwise requires, terms used in these Contract Procedure Rules shall have the meanings ascribed to them as set out in the Glossary of Terms to be found at Section 10.

13.3 Calculation of Contract Values

Unless otherwise specifically provided, where a value or an estimated value is given in these Contract Standing Orders, it means the aggregate value payable in pounds sterling exclusive of Value Added Tax over the entire contract period, including any form of option and any renewals of the contract.

For contracts over £10,000, Headteachers must ensure that a pre-tender estimate of anticipated costs is prepared, is in the budget and recorded in writing.

Contracts cannot be artificially under or overestimated or divided into two or more separate contracts where the effect is to avoid the application of Contract Standing Orders/EU* Regulations and UK legislation.

13.4 Responsibilities of Governing Bodies and Headteachers

Governing Bodies and Headteachers, are responsible for all contracts tendered and let by their schools. Their duties in relation to contract letting and management are:

1. to ensure compliance with English Law, UK and Council policy
2. to ensure value for money and be risk averse in all procurement matters
3. to ensure compliance with the Contract Standing Orders and the Financial Guide for Schools
4. to maintain a scheme of delegation within the school, as required by the Scheme for Financing Schools
5. to ensure that all relevant staff are familiar with the provisions of the Contract Standing Orders and the guidance contained in the Financial Guide for Schools and that they receive adequate training on their operation
6. to take immediate action in the event of a breach of the Contract Standing Orders or the Financial Guide for Schools within their school
7. to ensure that all existing and new contracts anticipated during the forthcoming financial year are clearly itemised in the Budget supporting documentation
8. to ensure proper records, of all contracts, tenders etc. including minutes of tender evaluation panels and other meetings are kept which may be inspected by a member of the Governing Body or a representative of the Council's Chief Financial Officer at any time during school hours
9. to make appropriate arrangements for the opening of tenders and their secure retention so as to protect the integrity of the tendering process; to ensure original contract documents required for sealing are forwarded to the LB Barnet Head of Legal for safekeeping
10. to ensure a register of contracts over £10,000 is kept, which may be inspected by a member of the Governing Body or persons nominated by the Chief Finance Officer at any time in school hours
11. to ensure effective contract management, contract reviews and monitoring during the lifetime of all contracts
12. to seek and act upon advice from the Council's Commercial Director and the Chief Finance Officer where necessary to ensure compliance with these responsibilities; to seek legal advice from the Head of Legal or other suitably qualified source
13. to keep records of waivers of any provision of these Contract Standing Orders and record in the school's register of contracts.

13.5 Authorisation & Acceptance Procedures

Authorisation Principles

“Authorisation” is the approval required before quotations or tenders for supplies, services or works may be sought in accordance with 3.2.

Any contract, including additions, extensions and variations, under £173,934*, which has been included in the school’s approved annual Budget and supporting plans is deemed as authorised irrespective of value.

Any contract which has not been authorised must be authorised in accordance with 3.2 and as set out in Table 5.1.

Acceptance Principles

“Acceptance” is the approval to proceed with the purchase of supplies, services or works and enter into a contract.

The aim is to speed up the process by allowing, where possible, the acceptance of tenders to be delegated to a level of authority lower than that required for Authorisation. This recognises that in most instances, the influencing decision is at the Authorisation stage, not at the point of Acceptance.

This table sets out who can authorise and accept proposed contracts at the various thresholds for works, supplies and services contracts:

	Contract Value*					
	less than £10k	£10k up to £75k	£75,001 up to £173,934*	£174k up to £499,999k*	£500k and up to £4.3m*	£4.3m* and over
Authorisation	None if budgetary provision; otherwise Head-teacher or Deputy Head	None where governors have authorised by Budget and supporting plans; otherwise Governing Body	None where governors have authorised by Budget and supporting plans; otherwise Governing Body	Governing Body		
Acceptance	Officers nominated by the Governing Body	Headteacher or nominated Deputy, Asst Head or “bursar/business manager”	Finance Committee or Governing Body	Governing Body and sealed on behalf of Council		

Please check with CPT for the latest threshold set out by EU Regulations as these figures are subject to change.

13.6 Acceptance Parameters for Contract Additions, Extensions and Variations

The Acceptance thresholds for contract extensions and variations are as set out in Table 5.1 above and also subject to the following:

In the case of an extension to a contract:

- The initial contract was based on a competitive tender or quotations;
- The initial contract has not been extended before; and
- The value of the extension is less than half the cost of the existing contract without the extension and has a budget allocation

In the case of a contract variation, and in accordance with the terms and conditions of that contract:

- The variation is notified and agreed in writing to the contractor;
- Any additional expenditure necessarily incurred is agreed in writing and does not exceed 20% of the initial contract.

13.7 Emergency/Urgency Procedures & Waiver of Contract Standing Orders

For all contracts below £75,000 the Headteacher may take decisions in conjunction with the Chair of Governors on urgent matters providing they report afterwards to the governing body setting out the reason for the emergency. Such decisions include a waiver of the Contract Standing Orders where this is justified on the basis of emergency and one or more of the matters set out in 5.6 below.

Except in situations of emergency the Contract Standing Orders may only be waived on the decision of the Governing Body and only where the Governing Body is satisfied, after considering a written report by the Headteacher, that the waiver is justified because:

- a) the nature of the market for the works to be carried out or the supplies or services to be provided has been investigated and is demonstrated to be such that a departure from the requirements of Contract Standing Orders is justifiable; or
- b) the contract is for works, supplies or services that are required in circumstances of extreme urgency that could not reasonably have been foreseen; or
- c) the circumstances of the proposed contract are covered by legislative exemptions (under English Law); or
- d) there are other circumstances which are genuinely exceptional

13.9 Using Consortia and Corporate Purchasing Arrangements

The Council enters into a range of consortia and corporate purchasing arrangements to achieve value for money and other benefits specified in section 1, schools are required to utilise those arrangements unless the Headteacher reports to the governing body the reason (s) such arrangements do not meet the needs of the school and the governing body accepts those reason(s). The school must adhere to Best Value principles.

13.10 Framework Agreements

Where the service, work, supply or utility provision can be purchased through a new or pre-existing framework agreement held by the Council or local consortium or other public body and the Headteacher considers that such an approach represents the most economically advantageous solution and with regard to the relevant rules on the use of such arrangements, the Headteacher shall also be satisfied before entering into a Framework agreement that;

1. the term of the arrangement shall be or is for a period of no longer than four years duration;
2. the terms and conditions of the arrangement do not compromise the requirements of the Contract Standing Orders for Schools;
3. the parties to the arrangement are recognised public bodies or providers from the private sector with relevant experience in this regard;
4. full, open and proper competition in respect of the creation of the framework or consortium arrangement has taken or will take place in accordance with the Relevant EU Rules* and/or Relevant Contract Procedure Rules.

Preference should be given to use of the government procurement schemes.

Where there is any uncertainty in relation to the above the Headteacher shall consult with the Council's Procurement Team and/or take legal advice prior to entering into the framework agreement.

13.11 Single source suppliers

Where the Headteacher is satisfied, following the making of suitable investigations, that there is only one supplier in the market for the required supplies/services/works, the competitive tendering provisions will not apply provided that the Headteacher reports to the governing body the reason (s) why only a single supplier can meet the needs of the school and the governing body accepts those reason(s) and the contract is still subject to the Authorisation and Acceptance procedures.

13.12 Receipt and Opening of Tenders

Non- electronic Tender Process

1. Contractors must be informed when tenders are invited that their tender will only be considered if:
2. it is contained in a plain inner envelope, securely sealed and self-addressed by the tenderer;
3. the inner envelope is contained in a plain outer envelope. The outer envelope must be securely sealed, bearing the word "tender" followed by the subject matter of the contract, with closing date and time.
4. the outer envelope should not bear any distinguishing matter indicating the identity of the sender;
5. the outer envelope is addressed impersonally to:
6. The Headteacher, Name of school, Full school address
7. and, it is delivered by the time stated in the tender invitation.

Tenders which do not meet the above requirements may only be considered if the other tenders have not yet been opened and:

- failure to comply is the school's fault; or
- a tender is late, and it is clear without any contact with the contractor that the tender was sent in such a way that in the normal course of events it would have arrived on time.

Tenders must be kept safe until the time for their opening by an officer given this duty by the Governing Body.

Records of the time and date of receipt of all tenders must be kept by the officer opening tenders.

Tenders for a particular contract must be opened at the same time in the presence of two officers appointed by the Governing Body, who have not been involved in the tendering process and who are responsible for properly recording receipt. On opening the tenders, the officers shall:

1. Number each tender consecutively;
2. If there are priced bills, schedules of rates or the like, date and photocopy each summary sheet indicating the main contract prices;
3. Otherwise, date and photocopy each page of the tender that contains prices; and
4. Complete and sign a schedule or record of tenders received.

The photocopies and schedule or record shall be retained for future inspection.

If a tender is received after the specified time and date then only the outer envelope shall be opened. The inner envelope shall be endorsed with the time and date of receipt, and promptly returned unopened to the tenderer. If there is no suitably addressed inner envelope the tender may be examined but only to the extent necessary to discover the name and address of the tenderer. No details of the tender shall be disclosed and it will be returned promptly to the tenderer.

13.13 Post Tender Meetings

Where the Headteacher considers that pre contract award meetings are required in order to seek tender clarifications, the Chair of Governors, in consultation with the Chair of Finance Committee, may give authority to proceed. A written report of the points of clarification must be presented in confidence by the Headteacher or other nominated officer to the full governing body before the award of the contract.

Clarification of ambiguous tenders does not constitute pre contract award negotiations. Negotiation of tendered prices is not permitted.

Should the Headteacher consider there is a need for further advice s/he should consult with the Council's Commercial Director.

The use of Debit and Credit Cards is governed by the "Scheme for Financing Schools" (paragraph 3.7)

The Governing Body has approved the use of **debit and credit cards**. LB Barnet has advised schools with a debit card to apply for a credit card also, to enable purchases to be made when LB Barnet's treasury management transfers may temporarily prevent the use of the debit card.

15.1 Principles

From time to time the school may be offered an opportunity to purchase goods or arrange for services to the school from companies that do not accept purchase orders and instead demand a direct payment. To make use of these value for money offers, the school holds a debit card. The Headteacher will ensure that there is budgetary provision for all purchases, and that there is a sufficient balance available in the bank to cover the expenditure.

The primary method of purchasing remains invoicing by means of raising a purchase order and following receipt of goods, paying the subsequent invoice by BACS or cheque where payment by BACS is not possible, and this shall generally be used in preference to card purchases where such is offered by the supplier.

15.2 Cardholders

The Finance Committee may authorise the following to be cardholders:

4. Should the card be lost or stolen the loss shall be reported by the cardholder to the issuing bank, the school business manager and the Headteacher immediately. In addition, the police must be informed in the event of theft
5. Should fraud or misuse be suspected, the bank should be informed immediately so that the appropriate action can be taken.

15.5 Limits

1. The debit and credit card account shall have a spending limit of £2,000 controlled by the bank.
2. Cash withdrawals are not permitted. For control purposes a £10 limit shall be set by the bank on the debit card only.

15.6 Authorisation

1. The card transactions should be entered in the accounts as soon as possible with the debit card authorisation number, to ensure the completeness of the accounting records and ready to be reconciled when the bank statement reaches the school.
2. All receipts shall be authorised by either the Headteacher, Chair of Governors or a designated person.
3. The cards shall not be used for personal expenditure under any circumstances.
4. All authorised cardholders shall sign to accept that they have personal responsibility for transactions on "their" card which are not conducted with the approval of the school in accordance with this policy. Refer to Appendix 1 attached.
5. Cardholders shall also authorise the school to recover the cost of any unauthorised transactions and where reimbursement is not received then the school is authorised to make a salary deduction for the unauthorised amount.
6. Cardholders shall be made aware of the action to take in the event of a card being stolen, lost or missing.

15.7 Separation of Duties

Separation of duties is fulfilled by the following:

1. Budget holders must check that there is sufficient budgetary provision and liaise with the card holder to place the order on-line which the card holder will then authorise

4. The Headteacher authorises expenditure made on the Deputy Head's card and the Chair of Governors authorises expenditure made on the Headteacher's card

15.9 Purchases over £500

1. Purchases over £500 should be agreed in advance and authorised by a second signatory (from the authorised signatory list) on a white order form.
2. If ordering on-line the order confirmation must be printed out and then correctly coded, authorised and posted as a direct payment onto the accounting system by the LB Barnet/Entrust finance assistant or schools accountant
3. A VAT (if applicable) receipt must be obtained
4. The cardholder must provide the receipt for goods/services to the LB Barnet/Entrust schools accountancy team

16. Anti-Fraud and Corruption Policy

1. Introduction

The Scheme for Financing Schools includes the following provision, as paragraph 2.22 -

“All schools must have a robust system of controls to safeguard themselves against fraudulent or improper use of public money and assets.

The governing body and head teacher must inform all staff of school policies and procedures related to fraud and theft, the controls in place to prevent them; and the consequences of breaching these controls. This information must also be included in induction for new school staff and governors.”

This policy document assists the Governing Body in meeting its responsibilities.

The Scheme for Financing Schools item 2.11 – Audit General, states the following:

The Council’s Chief Finance Officer must be told immediately about:

1. anything that involves (or is thought to involve) irregularities concerning cash, stores or other property;
2. any other suspected irregularity in the running of the school, and may investigate and report as he/she thinks necessary.

2. Fraud, Corruption and Bribery

Fraud is a criminal offence. The Fraud Act 2006 defines ‘fraud’ as:

1. Deceit, the intention to deceive or secrecy: and
 2. (a) an actual loss or gain;
 - (b) the intent to cause loss to another or expose them to the risk of it;
3. Dishonesty.

Bribery is a criminal offence and the Bribery Act 2010 introduces a clearer regime for tackling bribery. A definition is – inducement for an action which is illegal, unethical or a breach of trust. Inducements can take the form of gifts, loans, fees, rewards or other advantages.

The council has a bribery policy statement and procedure and Fraud policy statement and procedure – which can be referred to for further detail / reference.

3. Council Policy

The London Borough of Barnet is committed to fighting fraud with high ethical and moral standards, and recognises that any fraud perpetrated against the Council including its schools is costly, both in financial terms and reputation.

The Council is therefore committed to a programme of zero tolerance.

The Council is committed to nurturing a strong anti-fraud culture, which is key to the prevention and detection of fraud.

Its Corporate Anti Fraud Team (CAFT) is dedicated to investigating all instances of fraud committed against the London Borough of Barnet and its schools.

4. School Policy

The Governing Body endorses the policy of the Council and is committed to take action to prevent, detect and deter fraud, corruption and bribery in all its activities.

This policy must be read in conjunction with the following policies – Whistle-blowing, financial policies & procedures, including delegation and Safer Recruitment procedures.

The school will ensure probity in administration and governance by taking positive action against all forms of fraud, corruption or bribery affecting school business whether it is from internal or external sources.

Governors

There is a specific duty expected of the Governors to set an example to the employees of the school and the community by acting with integrity, honesty and in a trustworthy manner befitting the school.

Members of the Governing Body will set the standard for the school and therefore give their full support to all systems and controls in place to assure probity. In particular, governors have a personal responsibility to abide by the school's constitution, the Scheme for Financing Schools and Contract Standing Orders for Schools.

The Governing Body has a legal responsibility for the school budget and will ensure a sound system of internal control is in place in the use of delegated and other funds given to the school.

Headteacher and senior staff

The Headteacher and senior members of staff are expected to set high examples of conduct in their day to day work, which are beyond reproach.

The Headteacher, with assistance from the school's School Business Manager or finance officer, bears overall responsibility for systems of financial control and may be liable to be called to account for specific failures.

However all senior staff and other managers are responsible for ensuring an effective system of risk management and internal control exists within their areas of responsibility and that those controls operate effectively. Managers must take a lead in terms of fraud

prevention and will be held accountable for not undertaking this as part of their position of trust and area of responsibility.

The Headteacher is responsible for ensuring the school's policy in relation to fraud is communicated to all staff.

All staff

This policy applies to all employees of the school. It also applies to consultants, temporary staff, contractors and vendors and any other parties with a business relationship with the school

All members of staff are expected to share this commitment to help the school protect the public funds to which it has been entrusted. All staff have a duty to assist the school in the prevention of fraud and are expected to alert their line manager where they believe the opportunity for fraud exists because of poor procedures or lack of appropriate supervision. All employees are expected to report any cases of suspected fraud, no matter how trivial they may seem.

All staff are expected to be fully accountable during their employment with the school, to follow the school's policies, financial procedures and any relevant professional code and to comply with all laws and regulations applicable to the school's business.

As stewards of public funds, staff must have, and be seen to have, high standards of personal integrity. Staff should not accept personal gifts, hospitality, or benefits of any kind from a third party that may be seen to compromise that integrity.

Internal Audit

Internal Audit will report on the existence and effectiveness of control systems and as part of the audit process may advise on best practice. The findings and recommendations of reports will be implemented promptly.

4. Prevention

Prevention is the most desirable factor in dealing with any fraud. Unfortunately, not all systems are always foolproof in stopping the committed fraudster.

Governors, school management and staff will carry out their responsibilities as outlined above and implement specific action as set out in the appendix – Implementation of Fraud Policy .

5. Detection

Internal Audit carries out audits of all schools based on an assessment of the risk management. Internal Audit regularly liaises with External Audit and will refer any suspected fraud or irregularity to the Corporate Anti Fraud Team.

All staff have an obligation to report concerns to school management. In addition a **Council Whistle-blowing Hotline (020 8359 6123 whistleblowing@barnet.gov.uk)** exists for cases where school staff feel it is necessary to report their suspicions in a confidential manner. All staff will be made aware of the school's Whistle-blowing Policy.

6. Investigation

Where any matter that might constitute fraud, theft, corruption or bribery comes to the attention of any governor, the Headteacher or member of the SLT it will be in the first instance investigated by the Headteacher to ascertain the basic facts.

Subject to the findings the matter must be referred to the Corporate Anti Fraud Team/ and or chief finance officer, both parties will then liaise and a decision will be made as to whether it will be dealt with by CAFT or a full internal investigation will be carried out.

The Council's Corporate Anti Fraud Team are responsible for investigating all allegations of suspected fraud. The Team has full right of access to examine any documents or contents of school property. This also includes examination of computers, and related equipment and interviews with staff.

The Corporate Anti Fraud Team has been designated this responsibility to ensure consistency in dealing with all allegations of fraud, to ensure a detailed and proper investigation is carried out by skilled investigators, and to ensure the Council and its maintained schools' assets and interests are protected and/or recovered where applicable.

The Corporate Anti Fraud Team will work closely with the Chair of Governors and Headteacher in fraud related cases involving disciplinary investigation, action and hearings. Where fraud is proven, this constitutes gross misconduct and cases will be dealt with appropriately, according to school's disciplinary procedures.

It is recognised that being subject to an investigation can be a stressful experience, therefore all investigations will be handled as quickly as possible and confidentially to ensure the person under investigation is dealt with in an appropriate and timely manner.

7. Deterrence

The Governing Body views fraud as a serious offence against the school and employees will face disciplinary action if there is evidence to support any allegation of fraud. Disciplinary action may be taken in addition to any criminal proceedings, depending on the circumstances of each case.

The London Borough of Barnet has an established a Prosecution Policy which clarifies the authority's position with regard to prosecutions and to deter those who may attempt to commit offences against the authority or its schools.

The Governing Body endorses the Council's Prosecution Policy and is committed to deterring potential cases of fraud through the implementation of robust systems and procedures and will act quickly and efficiently where fraud is alleged, leading to the most appropriate outcome.

Woodcroft Primary School: Finance Management Policy

It will take all steps possible to ensure appropriate penalties are sought in cases where fraud is proven, strenuously attempt recovery of any monies lost as a result of fraud and thoroughly assess the systems and processes to ensure fraud is minimised in future.
