SHERZAD

Her collection ³ of wooden
Salve gems and jewels
were split up in groups.
She made 5 emeralds,
10 diamonds, 3 rubies,
8 sapphires and 20
mixed, coloured and

20 rainbows. Willow wondered
if she can have a REAL
gem or jewel. "How can
I receive a Real gem?"
Willow sighed, and she
trotted through the forest
to accomplish her mission.

5
First she skipped over
a HUGE lake. At
least, she found a giant
log to cross through with.

Then, she saw a whole
bunch of prickly bushes.
She tiptoed through
all of them and
grazed all over her leg.

"Eeeek! Owrrr!" Willow
screamed in pain.

At last, she found an
amazingly giant tree that had
a shimmering REAL mixed
coloured diamond! Willow tried
to take it but Gerald,
Kelly Twizzlesticks's brother
always jumped on Willow's
injured paw and let her
luck fade. Willow growled
at Gerald's face loudly
but he still did not
stop. "GRARRR!" Willow
shouted as Gerald sobbed
and miserably walked away.

4
Willow noticed that Kelly
Twizzlesticks was EVIL...
she saw her apologise to
Gerald and give Gerald another
teaser! "Bash your new wrist stickers
on Willow's head!" Kelly
whispered in Gerald's ear.

Willow had a SECRET big
siblings and she called them
out. Their names were: Dossanite,
the big brother and Dossy, the
big sister. "Don't let Gerald
and Kelly Twizzlesticks not
let me the Jewell!" The little
fox Willow said to her big siblings.

Dora and Doggawito always
tried to make Willow
happy but they can't...
The little foxes have an
idea! They can make wooden
gems so they can curve
a tadder! But they had a
dear little amount of wood
so Willow trotted back to
get the wood and stuff
that they need. "Crrr!
rrr!" Willow howled as she
struggled to carry suitcases.

12

The curious foxes set off
to build. Willow did the
connecting, Dora made the
pieces and Dogson brought the
stuff out of the suitcases.
They all were hard at work
and Willow actually had better
sense of smell than the
siblings so she sniffed
out what Kelly and Gerald
were doing. Kelly came and
said "Ha, guess what I'm gonna
do!" "I look like I can't know
but I KNOW you will try to
get me out of the ladder."
said Willow as they were making
the ladder.

After they¹⁵ finished hammering
the last nails, Willow
climbed onto the ladder
after it was placed near
the tree. She touched the
jewel and gently said
"Make a special grabber to
grab the gem with." the
siblings got to work again
and gave the grabber
to Willow. Then, she carefully
grabbed the gem and REAL
MAG-IC happened...

The forest lit¹⁷ up and the
ground turned into
a field of flowers. The sun
glowed and birds were
chirping in the bright trees.
Hares hopped around the
cottages and butterflies fluttered
around the happy foxes. "The
gem that lit up the forest,
will bring us harmony! No
longer shall Willow worry us!
The gem is always there to
see!" the foxes sing as
they went back home.

The next day, Willow bought her suitcase with her to the company creator studio and asked them if she can make another house for her near her farmhouse so that she can show people how to make wooden fake jeans. "Please

can you make it? please! I have made so much jeans Willow cried with a cute face. "Alright!" said the gentle animal near the counter "but you have to pay 10 pounds for it."
