4th May 2017

Dear Parent/Carer

Please find below the update on our responses to the planned national funding changes and 16+ delivery model. This will help give a context to the meeting scheduled for Tuesday 9th May.

I have attended meetings with Cllr Blake, Cllr Mulherin, Steve Walker and fellow Leeds Special School Principals to discuss a collaborative approach and next steps.

I have attached a letter sent to school to circulate to you from Leeds City Council.

I am glad the Council has identified the need to prepare our young people successfully for adulthood and that they have made a commitment to work with us to provide the appropriate programmes.

I am looking forward to working with you and the Council to ensure our learners have access to an appropriate and fully funded programme that meets their health, care and educational needs.

I look forward to seeing you on Tuesday, 9th May at 5.30pm at Boston Spa so we can begin to develop a plan that will meet the individual needs of all our 16+ students.

Best wishes

Andrew Hodkinson
