

Leading Learning Plan 2018 – 2021

Priorities derived from data, QA reviews, Governor visioning, Local and National initiatives.

SUSTAIN our Core Business (Teaching and Learning)

Ensure effective and consistent health, well-being and safeguarding is sustained at BSL and WHL sites.
All staff are fully trained and knowledge is applied in all activities.

Excellence for Everyone

1. Refine further our curriculum pathways to encompass a variety of learning routes and challenges to meet all our pupil needs.

2. Achievement and progress is maximised with a particular focus on whole school reading.

3. Extend and embed wellbeing activities for everyone associated with our school and college community.

GROW

4. Continue to develop provision and pathways of study for more able pupils following review of data and progress information e.g. GCSE and mainstream inclusion opportunities.

5. Enhance learning environments within budget constraints to promote excellence for everyone i.e. Woodhouse expansion, Boston Spa roof, 16+ satellites, sport and play facilities, training venues etc.

6. Establish 'world class' associate staff training, development and pathway programme promoting excellence at every level.

7. Review and improve our 16+ and WeCanDoCo offer to ensure pupil pathways are linked to a sustainable funding model and aligned to the LA model.
