

# Yellow Class—Summer Term

One of our topics we have been learning about this term has been Pirates

We used an ICT programme called 2Simple to produce Pirate pictures

In cookery we have made Pirate fairy cakes, a crocodile made from different foods and treasure map pizza's.

We all enjoyed making a junk model pirate ship to use for role play in our classroom

In Literacy we have read 'Pirates Love Underpants'. We used this as a sensory story and have made some treasure maps.
