Youtube and children's television shows

There has been a number of reports of YouTube videos that contain violent and disturbing content posing as cartoons. One clip depicts a dentist with a huge syringe pulling out popular cartoon character Peppa Pig's teeth as she screams in distress. Many of the shocking clips look like normal children's cartoons on YouTube's homepage.

Advice for parents:

- Ensure you are aware of what your children are watching on Youtube at all times.
- Use the **YouTube Kids app** (this filters out most but not all of the disturbing videos).
- YouTube recommends changing channel settings to **'restricted mode'**. This can be found at the bottom of YouTube pages next to the language and content location buttons.
- YouTube also suggests **turning off the search feature** in the app.
- **The NSPCC offers online safety advice** for parents with young children and have guidance on how to set up **parental controls**.
