

Green Class 2

Maths - Shape

Green 2 have looking into shapes during the second half of this term. This includes 2d and 3d shapes and their properties. Pupils enjoyed going out on a shape hunt as part of their learning.

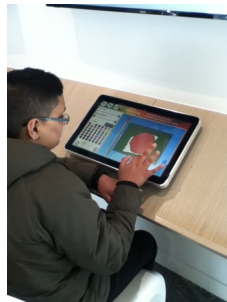

Outdoor Classroom Day

On the 18th May 2017, Green 2 participated in an outdoor classroom day. We spent all day learning outside, activities such a water play, science, pond dipping, reading, bikes and the parachute. We even spent some time in 'The Hide' and had our snacks before the parachute games.

Geography—Local Landmarks

Pupils have spent Summer term 1 investigating Landmarks in our local area. We visited The Word, Jarrow Hall and Bill Quay Farm. Pupils enjoyed time out together and also used these visits to write a review the next day during literacy. Well done Green 2.

PE—Cycling

Green 2 and Blue 1 have joined together to focus on cycling this term. We have been visiting Gateway Wheelers in Chester le Street to use the adapted bikes there and also, using our PE time, to cycle in the MUGA. Green 2 invited parents in to use the adapted bikes on our 'Cycle Celebration Day' in June.
