

What does a good learning space look like?

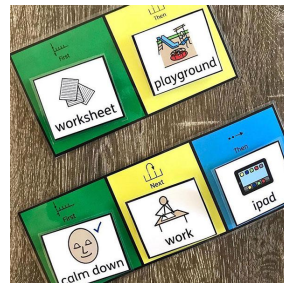

SPACE

Make sure you have a quiet place to work. Do you have a desk or a table you can work from?

BE ORGANISED

Make sure you have everything you need to complete your work. You should have resources in your home learning packs.

REMOVE DISTRACTIONS

Turn off your tv and any other devices such as game consoles and iPad's when you are working.

TRY YOUR BEST!

Remember to ask an adult for help if you don't know what to do and try your best like you do in school.

**ALWAYS REMEMBER
YOU ARE ALL
SUPERSTARS**
