

# Keelman's Way School

'An inclusive, happy and successful school'

Campbell Park Road, Hebburn, Tyne & Wear NE31 1QY

Dear parents and carers,

Guidance for respiratory infections is linked to this letter. We request that parents and carers keep your child at home if they are ill. We do expect children to attend if they are well enough. It may be useful at times to have your child checked for Covid 19 to help us keep our more vulnerable children safe and to help keep as many staff in school as we can.

We no longer have tests provided by Government so unfortunately you would need to source these yourself.

## Covid management in school.

School staff remain alert to the risks of Covid and other infections in school.

- Rigorous hand washing routines are in place for staff and pupils
- Hand sanitiser is readily available
- Pupils are encouraged to wash hands regularly
- Staff have access to resources for care routines
- CO2 monitoring are in place
- Windows and doors are open as much as is practically possible
- Outdoor learning is encouraged

Please support us by encouraging your child to use good hand hygiene where possible.

Where infections may occur staff test and report to school. We are still affected by staff shortage.

Please help us to keep school provision safely open to as many children and staff as possible by keeping your child at home if they are ill.

Yours sincerely

*P Selby*

Mrs P Selby  
Head Teacher
