

Welcome to England
with Mortimer
Primary School.

The United Kingdom is in the continent of Europe.

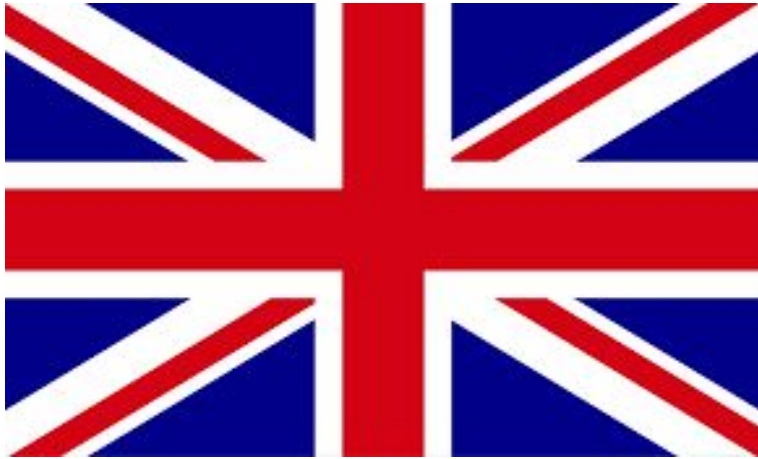

The UK is made up of four countries: England, Scotland, Wales and Northern Ireland.

England is the biggest country in the United Kingdom and contains 86% of the population!
We live in England in a town called South Shields.

We have a flag for the UK and a flag for England.

London is the capital city of England.

London

England is famous for its musicians such as the Beatles, who came from a city called Liverpool.

It is also famous for its food such as the full English breakfast, which is eggs, beans, sausages, mushrooms, hash browns, bacon and toast!

Or a 'Sunday dinner', which is roast beef, Yorkshire pudding, vegetables and gravy and it is not only eaten on a Sunday!

In South Shields we love fish and chips!

For dessert we love ice cream.

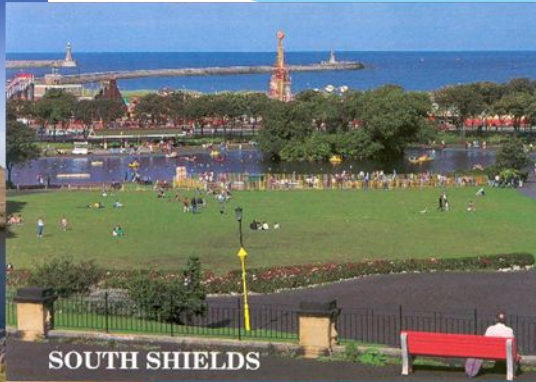

We love watching and playing football,
and all sorts of different sports.

South Shields is a seaside town.
It is on the North East coastline of England.

South Shields

Although it is not often hot and sunny!

Do you like 'Little Mix'?

Jade and Perry are both from South Shields!
