## OUR PRIORITIES

- PROMOTING POSITIVE OUTCOMES
- KEEPING CHILDREN SAFE
- TARGETING THE PROBLEMS CHILDREN FACE

As a unit we will work with schools to reduce exclusions by working alongside staff conducting home visits for unauthorised absences. The officers in the unit will take an active role in the schools they are responsible for providing a visible policing presence to promote good community values and build positive relationships. We work very closely with the local Neighbourhood teams to drive down anti social behaviour and identify those involved in crime both in and outside of school. FAIR...FIRM...AND HERE TO HELP!

## GETTING TO KNOW US

**PC Marsden**

I have been a police officer for over 20 years and during this time I have served in many areas within Greater Manchester. I am qualified as a family liaison officer, sexual offence trained officer and a victim liaison officer to name but a few. For the last 12 Years I have been a response police officer at Tameside. Prior to joining the police, and part way through service as I took a career break, I practiced as a mental health nurse in both the UK and New Zealand. This work was both community based and also on hospital wards.

I love travelling, meeting new people and trying new things along the way. I'm a firm believer in living life to its full. After all, we only get one shot at it!

**PC Broadbent**

I have been a police officer for 14 years and primarily served the Tameside area of GMP. I am trained in public order policing, Taser, sexual offences and mental health first aid amongst many other things.

Prior to joining the police I worked as a retail manager whilst also studying Law. In my spare time I assist other officers with any work related dispute along with criminal and misconduct investigations. I have a very keen sense of doing what's right and ensuring people are treated fairly.

I'm very much a family person and at every opportunity we get we visit our second 'home' in north wales where we venture out for walks on the beach or in the fantastic hills/mountains of Snowdonia.

# FEARLESS

Fearless is a new site, independent from the police, where you can access non judgemental advice on crime and criminality. The site also allows the user to provide information on crime—100% anonymously!

The sites aimed at 11—16 year olds and provides a useful A to Z guide on crime types allowing you to access a range of information on specific incidents.

To raise the profile of Fearless.org amongst professionals working with young people we are offering free training covering the following themes:

- Review and recap of Crimestoppers
- Introduction to our youth brand and activity
- Equip you with all of our available tools & resources

The training is suitable for anyone working with young people. In the past we have trained Safer Schools Officers, sports coaches, school nurses, teachers, Safer Neighbourhood Teams, youth workers and YOT workers.

## **How many?**

To get the best from a training session we would recommend the training for groups of between 8-30 people.

## **How long?**

The sessions lasts between 1.5 to 2.5 hours depending on the number of people being trained.

## **Facilities**

We will need access to a room with PowerPoint and a screen.

Contact Us at [fearless@crimestoppers-uk.org](mailto:fearless@crimestoppers-uk.org) to book your training session or find out more.

## CAN YOU HELP?

We want to promote the voices of our young people and help in any way we can to promote your views and lived experiences. To do that we need your help!!

We want to enhance the reach of Tameside's Youth Council and ensure that every school is represented so all pupils have a voice. If your interested, feel free to speak to us and keep an eye out for more information in the next couple of months.
