

## Keeping safe at the canal

Always

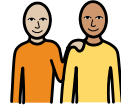

stay

with

family

or

friends

by open

water.

Look

for

rescue

equipment

and

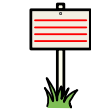

read

the

safety

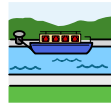

signs.

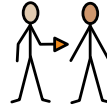

Stay away

from the

canal

edge.

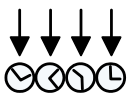

You

may

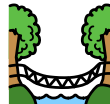

slip

in.

Always

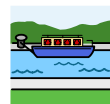

use

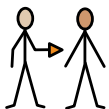

bridges

to

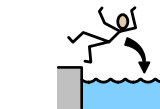

cross the

canal.

If you

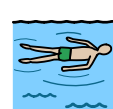

fall in water,

keep

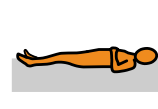

calm

and

float

on your back.
