

## Keeping safe in the winter

Always

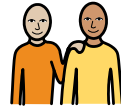

stay

with

family

or

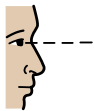

friends

by open

water.

Look

for

rescue

equipment

and

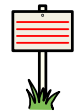

read

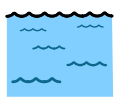

any

safety

signs.

Water

may

freeze

over. Stay off the

ice

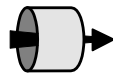

or you

may

fall

through it.

Keep

dogs

on a

lead

as they

may

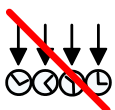

run

onto the

ice.

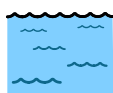

Never

enter

the

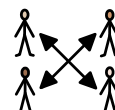

water

to

rescue

anyone

or anything.
