

Fellgate Primary School

Volume 36, Thursday 30th June 2022

Dear Children, Parents, Carers and Governors

Last Friday a bike company called 3SIXTY visited our school. They showed many skills including hopping over bars, climbing really steep metal steps and jumping over Mr Graham! We were inspired! The instructors told us that the one skill they really needed, to be able to do all of these stunts, was to be able to balance on their back wheel. They also told us that their motto is you have got to get it wrong before you get it right! So our statement of the week this week is **"You have got to get it wrong, before you get it right."** Sometimes you have to get it wrong a lot of times to get it right. But we know that that is ok, that is how we learn. Well done to all our stars of the week who have persevered and not given up!

Assessment Week. Next week is assessment week for some of our children. Year 2 and Year 6 have already completed their assessment weeks. Our children are used to doing these assessments as we complete them each term in Reading, Writing and Maths. The papers we use, together with our own Teacher assessment give us a clear indicator of what our children have achieved. They show us clearly what we need to teach and learn next.
