Word of the week

Connections

Nearly all innovations in science, technology, engineering and maths are built on connections between people; two (or more) heads are better than one, after all! But as well as exploring the importance and joy in connections between individual scientists, research groups and institutions, you could discover the different ways connections appear across all areas of science. Evolution, for example, shows us the ways that animals, including humans, as well as well, plants and bacteria are all connected in a family tree stretching back millennia.

Our Vision

At Fellgate Primary School, through an ethos of respect, challenge and resilience, we aspire to create an inclusive, safe, vibrant, happy school where each member of the school community - children, parents, carers, staff and governors - feels valued and are encouraged to be the best they can be. We celebrate individuality, striving for everyone to reach their full potential and “shine” in everything they do.

ATTENDANCE

17th March 2023

Volume 3

Rowans- 87%
Hollies - 78%
Maples - 90%
Cherries- 100%
Birches- 70%
Pines- 100%
Acorns- 78%
Hawthorns- 91%
Willows- 92%
Chestnuts- 91%
Blossoms- 88%
Sycamores- 87%
Oaks- 88%

Get up! Get in! Get on!

Rowans: Isaac M for demonstrating connections with his peers. This week Isaac has used lots of kind gestures to his friends when interacting and this was demonstrated when he showed empathy to a friend when they were hurt.

Hollies: Harrison B for continuing to make connections with the friends in his class by sharing stories and helping them with their work.

Maples: Isaac L for working hard during our science lesson this week. Well done Isaac!

Cherries: Lita D for remembering lots of information about science week and showing great interest and being amazed by our connections science experiment, talking through paper cups.

Birches: Taylor A for his effort in connecting with others in lots of different situations.

Pines: Jasmine K for connecting with friends playing marble run this week during choosing time.

Acorns: Emmanuella, for her enthusiasm when we were making butter in science, making connections between liquids and solids, and for using some great vocabulary to describe the taste.

Hawthorns: Rean B - For amazing thinking about the connections between weights, forces and measures during our bridge blunder activity.

Willows: Joshua R for making a new connection with a member of Cherries when he joins us for maths.

Chestnuts: James C for always making an effort to talk to staff and children building positive connections.

Blossoms: Carter B for making connections with his new classmates during his first week at Fellgate. Well done Carter.

Sycamores: Logan F for building connections within his work and integrating brilliantly with Oaks. He is doing brilliantly with his work. Well Done!

Oaks: Isabelle C For always building connections in our class and contributing so positively throughout British Science Week.

I hope everyone has a lovely weekend!

Mrs Tones
Head Teacher

Beach Hut making in Maples

This week in Maples class we have been creating beach huts. Pupils worked safely with a range of tools, including a junior hacksaw to cut the wood, sandpaper to smooth the wood and finally a glue gun to stick everything together. Maples worked very well together as a team. Well done everyone!

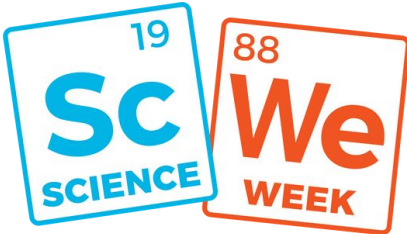

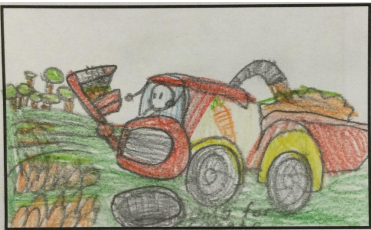

THIS WEEK AT FELLGATE

17th March 2023

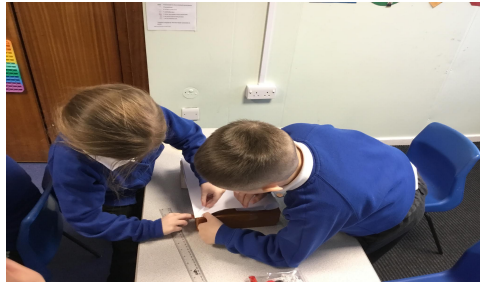

Volume 3

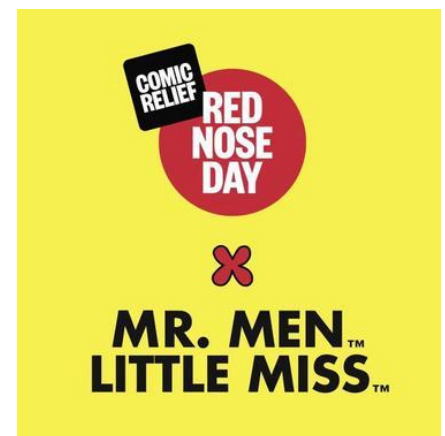

The theme for the 2023 British Science Week is ...'Connections'! The children have spent this week exploring the connection with science itself. Here are some of the connection activities our children have carried out this week: Acorns class explored making butter. Hawthorns class explored bridges. This activity helped the children to think about the connections between weights, forces and measures. Birches class carried out a 'plants that you eat' activity. They watched a video of how carrots are grown and harvested, which they loved and then made a little booklet of carrot facts.

The Carrots are staying on the ground. And the tractor harvested the carrots and send them to the factory.

This week we celebrated Red Nose Day by choosing our favourite Mr Men or Little Miss character and wearing the same coloured clothes e.g. pink clothes for Little Miss Princess, or orange for Mr Clever. Staff and pupils all joined in with the fun and had a great day. Our school council even held a cake sale to help raise money for Comic Relief.

Any further donations can be made on the Comic Relief website: <https://donation.comicrelief.com>

UPCOMING EVENTS & KEY INFORMATION

17th March 2023

Volume 3

Dates for your diary

Week beginning Monday 27th March: Autism Acceptance Week

Week beginning Monday 27th March: No clubs

Tuesday 28th March: Class photographs

Thursday 30th March: Smelly Egg

Friday 31st March: Last day of term

What's Happening at Fellgate

Breakfast Club

Main School: 07:45 am - 08:40 am

Base 8:30 am - 09:00 am

After School Clubs

Tuesday - Sensory, Dance, Creative

Wednesday - Football, Science, Ninja Warrior

Thursday - Construction, Reading

Friday - Board game/Movie

Parent and Toddler group

Every Thursday

9:00am - 11:00am

World Autism Acceptance Week is back from 27 March to 2 April 2023! The theme for 2023 is colour!

World Autism Acceptance Week is celebrated every year to raise awareness of Autism and how it affects Autistic people. It's not only about having an awareness of Autism but also about accepting neurodiversity. It is a time to celebrate the fact that we are all different. We all have different talents, skills and difficulties, which make us unique. It is important to always remember that it is OK to be different.
