

Week beginning 13<sup>th</sup> February 2017.

## **A vely Week!**

We have been so lucky to have been given loads of exciting new PE equipment by the Tigers Trust and have had such a great time exploring it all on the MUGA this week.

The children have also been experimenting in the creative area; mixing their own colours, adding different effects and having fun. They have been measuring objects using tape measures and rulers, ordering things and exploring.

Enjoy half term, stay safe and have fun with our half term challenge!
