

Week beginning 30<sup>th</sup> January 2017.

# The Magic Porridge Pot.

This week we have started a new story and have had great fun.

As well as joining in with the story, the children have helped to cook porridge, tried it and thought about how it makes us feel warm. They have sorted animals that live in the warm and cold climates and come up with ideas of how these animals can keep themselves warm.

They have continued to work on their number formation, counting and adding one more.

This can still be tricky so please keep practising at home! Thank you.
