

Week beginning 16th October 2017.

Teeth, teeth and more teeth!

We started off the week working on teeth once more. We have been doing a lot of counting and trying to match the right number of teeth to the right numeral. We have talked about everything that we already know about Dentists and learnt a lot of new facts too! Did you know that it is healthier for your teeth NOT to rinse the toothpaste out of your mouth once you've finished cleaning your teeth? We have also been making posters to put around the school next week to help us find the owner of the giant teeth we found.

We have also had a wonderful time learning about Diwali. Mrs Marson, with the help of some of our children, acted out the story of Rama and Sita. It was amazing. We have also taken part in an Indian Dance session to learn more about the Hindu celebration.
