

Week beginning 9th October 2017.

Teeth!

At the beginning of the week we carried on with our work on Hull Fair. We have done lots of counting and have tried to write our numbers...feel free to have a practise at home too! In English we tried to write labels on pictures of our chocolate apples that we made last week.

On Wednesday Mrs Marson had a delivery. She had no idea what was in the parcel so asked our children to help her open it. You won't believe what was inside! AN ENORMOUS SET OF TEETH! We have already hunted around outside to try and find clues as to who they might belong to, we think it could be a friendly giant. We have got all sorts of ideas of what we are going to do next week to find them.

We have been talking about visiting the dentists too. Our roleplay area is now a dentists and the children are enjoying looking at each other's teeth.
