

Week beginning 21st May 2018.

# The end of The Gruffalo!

We have all loved this story, it's been great fun. This week the children have had the opportunity to make their own recipes for 'Gruffalo Crumble' and make Gruffalo traps, with some fabulous results. They have written lists of their ingredients or materials needed to build with, great work.

They have been working hard at doubling numbers and recognising 2D shapes too. Enjoy searching for 3D shapes during your half term challenge.

Have a happy week at home everyone, stay safe.
