

Week beginning 25th June 2018.

Summer Time!

What wonderful weather we have had this week! The children have thoroughly enjoyed playing out in the sunshine; exploring how they can make the water travel from place to place, building dens to create shade or making delicious recipes in the mud kitchen. Can we please ask though that each child is sent with a sun hat and sun cream is applied before school.

We have begun to practise our fabulous finish too, which the children are really enjoying doing. We can't wait to perform it to you at the end of term!
