

Week beginning 8th October 2018.

Hull Fair Week.

It's been an amazing week of fun! We've created our own rollercoasters outside, played hook-a-duck, used bean bags for target practise, decorated helter-skelters, we have even made our own chocolate apples!

A small selection of children went on a mini-trip and actually visited the fair as 'reporters'! They were able to tell us all so much all about it, including people they met and what they discovered was there.

The children have also recounted how they made their chocolate apples; ordering the photographs carefully.

We have learnt about numbers 7, 8, 9 and 10 and have also been attempting to order numbers to 10.

Our Autumn Walk was also fabulous and we will continue to learn about what we found next week.
