

Week beginning 18th March 2019.

A busy week in FS...

In Maths this week, the children have been learning all about 3D shapes including the cube, cuboid, cylinder, cone and sphere! The children talked about how many vertices and sides the shapes have.

In Literacy the children created their own troll and had to describe them- there were lots of nice trolls and some mean trolls too!

We have now finished painting our Spring trees and they are up in our classroom-they all look lovely!
