Christopher Pickering Primary School

2019

We started the day getting active with a live stream from Joe Wicks. F1 did this in our classroom.

The rest of the school took part in the hall.

We then had a 600 mile target to run through out the day. Each Class had a 20 minute slot to complete their run.

Everybody ran as far as they could during their Daily Mile slot.

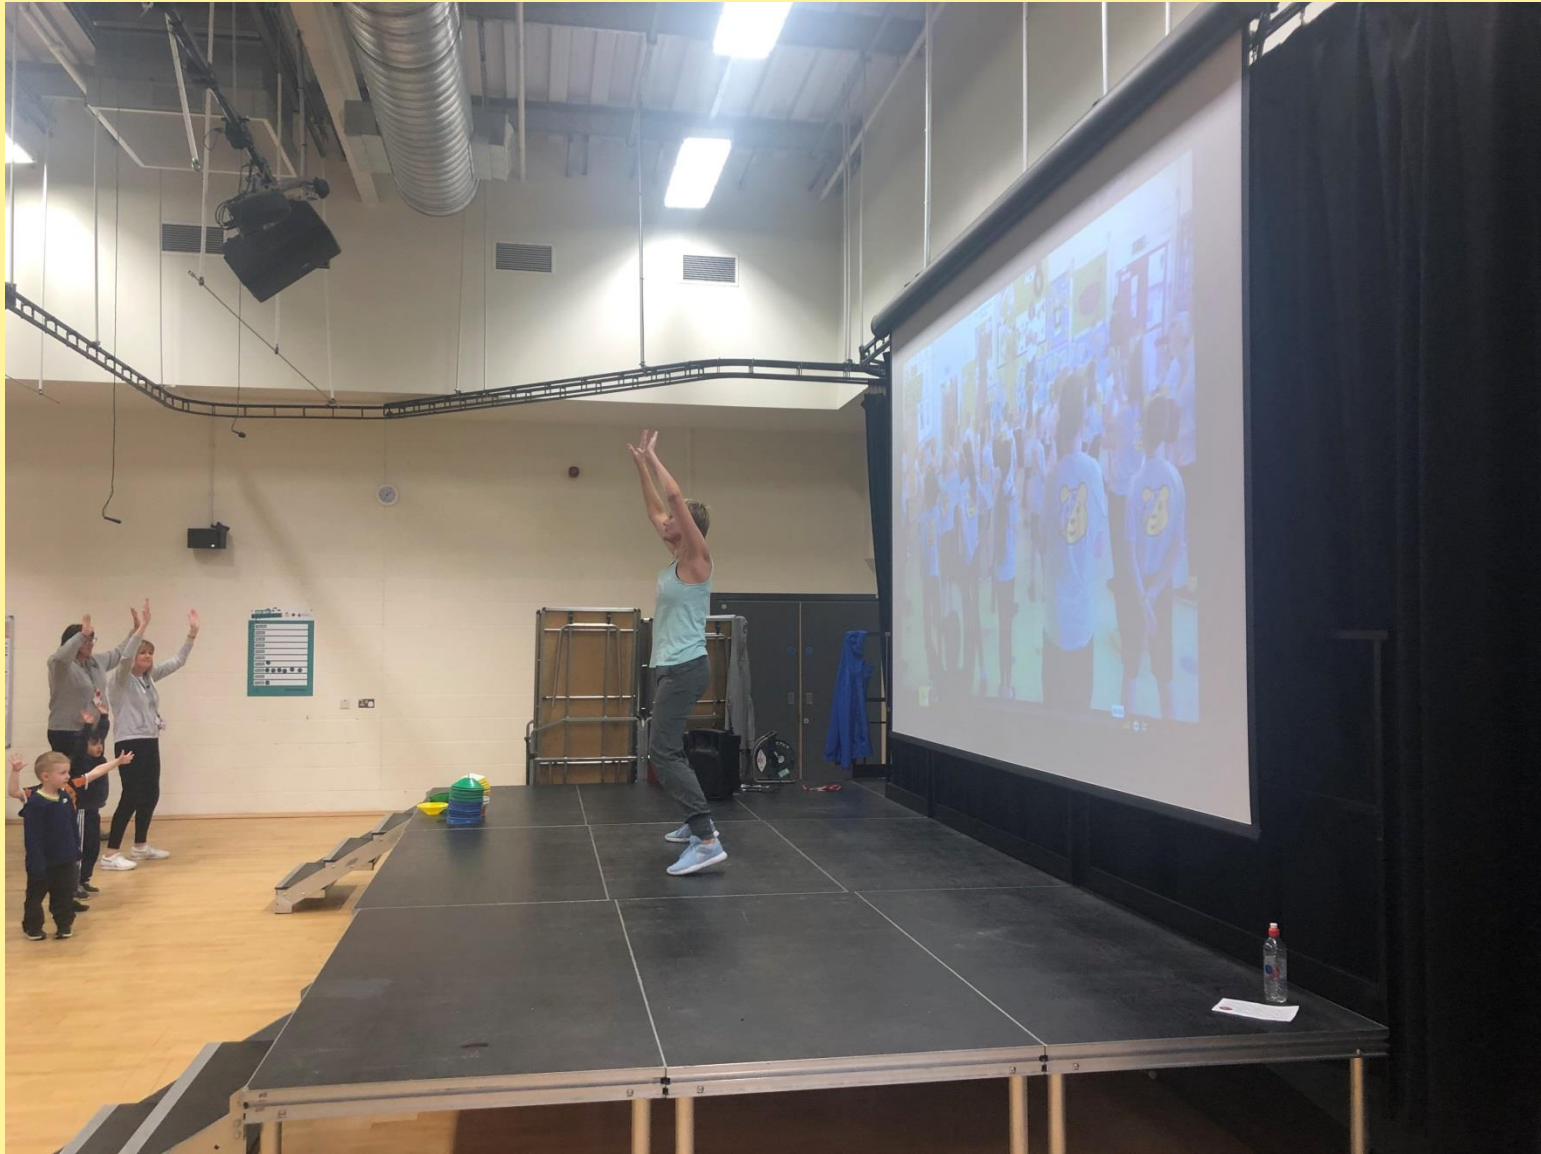

Well done Foundation Stage you ran 73 miles!

Everyone then took part in a 30 minute Dance fitness session.

Year 5 were last to run and managed to smash the target and get to the grand total of 635 miles. Well done everyone!

Thank you to all of our Christopher Pickering families for their donations to Children in Need.
