

Stay and read

Last week, the Foundation Stage held a 'stay and read' session for parents.

Parents found out how we teach phonics and reading within Early Years. They got to watch a phonics lesson and then were invited into the classroom to do reading and phonics activities with their child.

abc

Parents and children played lots of different games whilst in the classroom.

Here, children had to find the 'odd one out' in this game. They were looking for the words that didn't rhyme.

Can you find the odd one out below?

cat 	rat 	dog 	mat 
---	--	--	--

abc

In this game the children had to use letter cards to make the words to match the picture.

abc

Matching initial sounds

We had to find the right sound for the objects.

abc

Playdough Letters

We used the dough to make the shape of the letters. This is very good for our fine-motor skills, which helps with writing.

abc

Can you match the caption to the correct picture?

pat a dog
